

Lash Aftercare

To ensure your Lash Out & Makeup Lashes stay beautiful and long lasting, proper care and maintenance are required.

24 HOURS AFTER

Keep your eyes dry and avoid contact with water.

2 DAYS AFTER

Avoid steam rooms, saunas, and steam facials.

GENERAL CARE

Keep your lash extensions clean by properly removing all eye makeup daily.

DON'T USE oil based products around your eyes. Only use water-based eye makeup remover (oil free).

DON'T USE an eyelash curler on your lash extensions.

DON'T rub, pull or scratch your lash extensions. Doing so your permanently damage your natural lashes.

LASH WASH

3 parts water, 1 part baby shampoo in a foam pump bottle. Use this solution with a makeup brush, wash your lash line to remove all dirt and oil gently. Rinse with water. Do this daily.

MAINTENANCE

The natural life cycle of a lash is approximately 60-90 days. To keep your lashes looking their best and fullest, we recommend follow-up appointments every 2 to 3 weeks.
