

Disciplemaking in 5 Minutes

The Mission Goes Online

Jesus didn't limit discipleship to face-to-face encounters where He was at—He met people where they were. Today, where are people? Online. Social media isn't just for scrolling—it's a mission field. In five minutes, you can encourage, equip, and challenge someone to walk deeper with Christ. Here's how to disciple-make in the digital space.

Step 1: Connect with Intentionality (1 Minute)

Discipleship starts with *showing up*. Online, this means reaching out, commenting, and engaging with real purpose.

How to Start:

- DM someone and ask, *“How’s your faith journey going?”*
- Drop a thoughtful reply on their post, not just a generic emoji.
- Start a group chat or online Bible study.

Example Message:

“Hey man, I saw your post about struggling with purpose. I’ve been there. Want to chat about it?”

Step 2: Share Gospel Truth (2 Minutes)

The internet is full of noise. Cut through it with the **Word**. Share a quick, powerful message that points back to Jesus.

Truth to Share:

- **Identity in Christ** – *2 Corinthians 5:17* (You are made new.)
- **Trusting God** – *Proverbs 3:5-6* (Lean on Him, not yourself.)
- **Faith in action** – *James 2:17* (Faith moves, it doesn't sit still.)

Example Post or DM:

“Feeling lost? Remember, Jesus didn't just die to save you—He rose to give you purpose. You're not an accident. (Ephesians 2:10)”

Best Platforms:

- **Instagram/TikTok** – Short, engaging videos or reels.
- **Twitter/X** – Quick, thought-provoking challenges.
- **Facebook Groups** – Great for deeper discussions.
- **YouTube Shorts** – Mini Bible lessons and encouragement.

Step 3: Challenge & Encourage (1 Minute)

Discipleship isn't passive—it's *action-oriented*. Push them toward their next step.

🔥 Challenge Questions:

- “What’s one verse that hit you hard this week?”
- “How are you applying what God’s teaching you?”
- “Who’s one person you can encourage in their faith today?”

🔥 Example Call to Action:

“This week, read Colossians 3 and share your biggest takeaway. Tag me—I want to hear what God’s showing you!”

Step 4: Multiply the Mission (1 Minute)

If discipleship stops with you, it’s incomplete. Challenge them to disciple others.

🔥 How to Multiply Online:

- Ask them to share a Gospel truth with their followers.
- Start a group chat where they invite one friend.
- Encourage them to go live and share their testimony.

🔥 **Example Challenge:** “You’ve got a voice. You’ve got a platform. Use it for eternity. Who’s one person you can disciple today?”

Final Thought: Just Start

You don’t need a seminary degree. You don’t need a massive following. You just need **obedience**. Discipleship online is as simple as a DM, a post, or a comment that points to Jesus. Show up, speak truth, and trust God with the impact. The world is watching. Let’s make disciples.
