Include the name of each contractor, bid amounts, work descriptions, and other details worth evaluating. Rank each bidder based on cost and qualifications to make an informed decision. Construction contractors can also use this template to select subcontractors for a project. Individuals can use this to consider bids for a remodel or other construction project. The template includes a ranking column so that you can quickly see which bidders are the most competitive. Download Construction Cost Comparison Template Excel | Smartsheet Conduct a basic competitor analysis by comparing product prices at multiple companies against your own. The template includes columns for low, high, and average prices so you can easily see where your pricing falls on the spectrum. Customize the template by adding columns for other information that you want to track, such as product ID numbers, taxes, shipping costs, or important notes. You can also subtract columns to adjust the number of competitors you are analyzing. Getting a quick overview of your competition is a starting place for more in-depth analysis and strategic approach to your pricing. Download Competitor Price Analysis Template Excel | Smartsheet This price comparison list template allows you to view pricing information for multiple vendors in one spreadsheet.
