War on Women's Wombs

By Ruby Bozeman Davis

- A woman's life is more important than money.
- Access to abortion is a healthcare issue that overrides politics, placing women in danger of death.
- The Supreme Court voted to overturn a 50-year precedent, Roe vs Wade.
- Brian Kemp has criminalized sexual intercourse for women who are unable to obtain birth control with a 100% guarantee from pregnancy.
- Men must be held accountable to stop the need for abortions that "only" hold the women and their doctors accountable.

Immaculate Conception Protection

To uphold the Constitution of the United States to equal protection under the law, "Immaculate Conception Protection" will require the man to receive the same punishment the woman receives unless it's proven the woman conceived the baby by "Immaculate Conception".
