

# KRISHANA JOHNSON-JAMES

*Author of There's No One Just Like Me!*

## ABOUT THE BOOK

This sweet, rhyming, children's picture book details the experiences of a little girl with a big dream. The book is dear to the author's heart as it is based on her own life story!

There's No One Just Like Me! is a story that encourages readers to realize that we all have a special story to share. Our personal stories are unique and can empower others, too. It reminds us that each person is important and special in their own way.

Readers will celebrate who they are, as well as see the importance of sharing their stories and following their dreams!

We all have a special story to share. What's your story?

## REVIEW

"The author is right. There is only one ME and there is only one YOU. This message encourages children to not only love and appreciate themselves, but to learn about and respect others and their life's journey, too. I recommend this for story time, parents and teachers."
