

Beecher Lions Club "Queen of Hearts"
Location: Torrence's Tavern, 1395 A Main Street, Crete, IL, 60417
Revised 8/10/2026

The "Queen of Hearts" is a game of chance where a successful player wins a portion of the money held in a Jackpot and, at the same time, a portion of the Jackpot is awarded to Beecher Lions Club, a non-for-profit organization.

Overview of Raffle:

The Queen of Hearts board (the "board") is purchased by the Beecher Lions Club from an outside vendor. The board contains 52 standard playing cards and two "Jokers". The cards are face down on the board and the entire board is sealed with a heavy plastic. The front of the cards can NOT be seen until they are "cut" away from the plastic seal. The back of each card is numbered from 1 to 54. The board is then placed inside a locked display cabinet, and the cabinet is only opened to choose a number on game day OR to replace a game board that has ended. The object of the game is for a player to have their ticket chosen from a raffle drum to receive an opportunity to select any ONE card from the board with the goal to find the Queen of Hearts.

Because the sealed board is purchased from an outside vendor, NO ONE (including Lions Club members) know the location of the Queen of Hearts on the board.

The game begins with a player buying one or more tickets for \$1.00 each, 6 for \$5, or 30 for \$20. The tickets sold during any given week will all be placed in the ticket return drum. Each week, at the time and place shown on the schedule, one ticket will be drawn from the drum. On the spot, the owner of the chosen ticket will have the opportunity to try to draw the Queen of Hearts from the board. If the owner of the chosen ticket is not present to select the Queen of Hearts, a card will be drawn on their behalf.

If the Queen of Hearts is drawn, the Jackpot will be paid out as described in the Rules. If not, the game will continue weekly, until the Queen of Hearts is drawn.

In addition, there are smaller prizes if the player does not draw the Queen of Hearts but instead draws any "Ace" of any suit or one of the two jokers. In that case, a smaller amount is paid to the successful player, and the game continues to the next week. Payouts: \$100 will be paid for an "Ace" and \$200 will be paid for any Joker. A Joker will RESET the board. (See Official Rules #11 for details.)

Review the "Official Rules" below for a description in more detail on the method of play.
