

## BARKLANDIA'S PET HOTEL

Our pet hotel features climate-controlled accommodations and are large enough to give each guest their own private space, but not so large that your beloved four-pawed pal doesn't feel like he or she is home. Every boarding option comes with a raised pet bed, bedding, and all the items needed to make your doggie feel right at home!

Daycare is included for all overnight guests, as long as they pass a Meet and Greet. Outdoor walks are available for a nominal fee! Overnight guests that are not eligible for group play are required to add an Outdoor Walk for each night in our care.

**Standard Crate** – All crates are heavy duty and secure, but we dress them up to ensure every doggie feels right at home and has plenty of space for everything they need! These accommodations come a variety of sizes. Barklandia will select the size most appropriate for each guest and their individual needs.

**Suites** – Each suite comes in the sizes listed below. Every suite allows for a raised pet bed, dishes, bedding, and toys & blankets. All suites are private and have an upscale and airy feel.
