PROMOTION

POWER UP CAR ENGINES, ADDITIVES THAT DRIVE RESULTS

Automotive Aftermarket
Europe #WeTakeCareOfVehicles

COOLING SYSTEM STOP LEAK

Stops small leaks in the radiator and cooling system, with anti-corrosive properties.

COOLING SYSTEM FLUSH

Concentrated product designed to thoroughly clean all automotive cooling systems.

OIL SYSTEM CLEANER

Oil soluble supplement cleaning and protecting the oil circulation system and preventing contamination of fresh oil by residues left behind

TOTAL ACTION TREATMENT

Complete treatment for diesel & petrol engines which cleans the entire fuel system (before, during and after combustion). Reduces exhaust emissions and black smoke. Improves combustion, engine performance and fuel economy. Instantly cleans and protects the injectors, restores and maintains ideal injector spray pattern.

ALL-IN-ONE

DPF REGENERATOR

- » Clears blocked particulate filters and reduces soot emissions.
- » Easily cleans and regenerates a blocked diesel soot filter without dismantling.
- » Catalyst for optimized combustion and decreased soot build-up.

DPF & GPF ON-CAR CLEANER

- » Designed to clean the filter in situ, without removal.
- » The treatment is applied directly into the filter
- » Fast and safe to use, with a low-foam and non-flammable formula.

OFF-CAR DPF CLEANER

- » To clean filters heavily clogged.
- » The DPF must be removed for manual cleaning
- » Cleans away deposits and restore the DPF in as little as 90 minutes.

CLEAN THE DPF
with the right solution,
based on the vehicle soot
