### Language Component

#### Senior Students (Ages 13-17)

Our English program offers 20 lessons per week with certified teachers and an average class size of 15. Students take a placement test on the first Monday, which considers proficiency, nationality, and age. The curriculum includes four daily classes: grammar, listening/speaking, reading/writing, and an elective. Electives include IELTS preparation, Journalism, and Debate Clubs. Our curriculum uniquely integrates excursions that allow students to immediately apply their language skills in real-world settings, enhancing their exposure and learning.

#### Primary/Junior Students (Ages 7-12)

Our English program offers 15 lessons per week, blending interactive classroom experiences with exciting school trips. Certified teachers lead engaging lessons in small classes of 12, with five levels available from beginner to advanced. Students take a placement test on the first Monday to ensure proper level assignment. The program includes three dynamic classes per day, Monday to Friday, and connects language learning with fun, age-appropriate excursions that reinforce skills in real-world settings. The classroom atmosphere is vibrant and enjoyable, making learning both effective and fun.

### Excursions

After-school trips and excursions are a key component, offering students an immersive experience of Toronto's diverse, beautiful, and unique neighborhoods, including iconic landmarks like the CN Tower and Royal Ontario Museum. These trips showcase every corner of the city and provide a true cultural adventure that we lead while you enjoy.
