## Valley Central School District Orange County

Keynote address:

## - <br> Beating the Odds, Building Opportunities

Manya C. Bouteneff

# Beating the Odds, Building Opportunities 

## What odds do kids in poverty face?

## The odds are many, and varied

## How many kids in NYS public schools face these odds?

The official answer to the question of how many is...

## A LOT!

# Enrolled 1,440,000 (55\% of total) <br> Tested <br> 550,300 (59\% of total) 

## What I will talk about today

1. The achievement of kids in poverty in New York State
2. Their achievement in schools that are beating the odds
3. What the beat-the-odds schools are doing.

## The achievement of kids in poverty in New York State

## NYS STUDENTS TAKING THE 2017 ELA (All Schools, Statewide)

## ???

Beating the Odds, Building Opportunities

## Can the needle be moved?

Beating the Odds, Building Opportunities

If so, where can we learn how to move it?

Beating the Odds, Building Opportunities

## You may be asking...

## How about looking at schools that are succeeding with kids in poverty??

## That's what I thought!

## Let's look now at the achievement in schools that are beating the odds

## Beating the Odds schools are...

## Eligible schools where

$25+\%$ of kids in poverty earn 3 or 4 AND
$65+\%$ of kids in poverty earn 2,3 , or 4

## Statewide vs Eligible Schools

## Statewide vs Eligible vs Study Schools

|  | Percent <br> Earning <br> $3-4$ | Percent <br> Earning <br> $2-3-4$ | Percent <br> Earning <br> 1 |

I promised you that the third part of my presentation
would give you the answer to the question you may all be asking yourselves..

## These schools who are Beating the Odds, and Building Opportunities

## How did they do it?

## Oh, is that what you want to know?

OK,

But, first let's play a game...

With a neighbor, select from the baggie which factors you think might be in the top five respondents mentioned when asked why they were successful with kids in poverty.

## Top Ten Factors

Stategic Data Use

## Relationships w/kids

$\square$ 61\%

Environment/culture $\square$

Curriculum/instruction Focus $\square$

RtI/AIS - robust systems
44\%

## Top Ten Factors

85\%
Relationships w/kids
Environment/culture

Curriculum/instruction Focus
RtI/AIS - robust systems
Professional development
Intervention/enrichment
Explicit focus on poverty
Parent connections
Setting high expectations

## Breakouts
