black and red angus yearling bulls

Welcome

from KS Cattle Corp

On behalf of Kendall, Stacey and our sons Ethan and Cameron, we would like to welcome you to KS Cattle Corp's Online Timed Bull Sale. We would like to thank our bull buyers from previous years, and thank everyone who has taken an interest in our herd.

Our goal here at KS Cattle Corp is to raise the type of bulls that we would use in our own commercial herd. We like cattle with extra volume, because that is what the cattle market is looking for. With that said, functionality is still the most important thing. Good feet, udders, docility, and longevity are the keys to a good cow herd. No bulls have been sold prior to the sale, so you have the opportunity to buy our top end genetics. Please take the time to look over this catalogue, then come for a farm visit to look over our operation.

We are excited to be working with Aidan and Jayde this year, as they are building their family and their purebred cattle herd. Their bulls are a great addition to the sale, and its been fun working with Aidan for the last two years.

Online bidding has become more common in cattle sales, but if it's new to you, please give me a call. I would be happy to walk you through the process.

In Memory of Dean Horn November 15, 1974 - January 26, 2022

The beginning of 2022 was devastating for the cattle community as we lost a fellow cattleman, and friend Dean Horn. Our hearts go out to Dean's wife Denise, as well as his parents Joe and Isabelle. We are going to miss Dean so much around the farm and in the community. Dean would be there in a heartbeat if we needed a hand. It was always fun to be around him, with his smiling face and sense of humour.

His passion in life was cattle. So many people in the cattle industry are going to look back and smile at all of the great memories that Dean left us with. We'll miss you, Dean.

He was raised by a first calf heifer, and is the youngest bull in the sale. Don't overlook him, as he will make a great bull.

Welcome

from Bar Over AJ Red Angus

Jayde and I had a very busy 2021. It included the purchase of our first home, welcoming our first baby (Brooks) as well as many other things. We also purchased our first set of Purebred Red Angus Cows. We purchased the original dozen from Paul Bueckert, the bulk of the cows from him came from Gary Forrest. Since the first dozen we have added females from T and S Farms, Wheelers Stock Farm and McMillen Ranching.

At Bar Over AJ we are striving to raise excellent quality angus bulls that we would be proud to have in our own commercial herd. Bulls that you can count on to last and breed cows year in and year out, without sacrificing the qualities angus bull buyers love: Calving Ease, Maternal Traits, Calf Vigour and Structure, but also putting a great deal of importance into performance. All of our bulls are raised on mamas milk and grass, nothing else.

We look forward to hearing from you and seeing you out at the farm! If you have any questions please don't hesitate to call or text, all the best in 2022!

This guy has been a standout since birth and all summer, he's had the look. He has a very low birthweight while not sacrificing any performance whatsoever. He's backed by our most consistent and best cow family. If you're looking for a bull to make heavy milking, stout daughters full of shape and performance this is it. His maternal sister was a standout at the North Western Saskatchewan Angus Tour this year. Bar Over AJ would like to retain in semen interest for in herd use only at buyers convenience and our expense.
