Welcome

Jayde and I once again had a very busy year. We welcomed our second child, Harper into our family. We were also able to add new genetics into the herd in forms of females from WARDS Red Angus, Kenray Ranch and a new walking bull from Six Mile Red Angus. We are extremely thankful to everyone who inquired and purchased genetics in last years sale!

Special thanks to : Hillsvale Farming Co for purchasing our 4J and 5J bulls last year and Lawrence Tetreault for purchasing 8J.

At Bar Over AJ we are striving to raise excellent quality angus bulls that we would be proud to have in our own commercial herd. Bulls that you can count on to last and breed cows year in and year out, without sacrificing the qualities angus bull buyers love: Calving Ease, Maternal Traits, Calf Vigour and Structure without sacrificing performance.

We are excited to be partnering with KS Cattle Corp in their sale again. It's been great working for them these past 4 years. A huge thank you to TEAM for hosting our sale online again. I have also started working for TEAM in the last year too. If you ever have any questions about forward pricing your cattle and marketing through team be sure to give me a call as well.

We look forward to hearing from you and seeing you out at the farm! If you have any questions please don't hesitate to call or text, all the best in 2023!

Aidan, Jayde, Brooks and Harper.

We were left shaking our head as to why we didn't purchase her ourselves when Kenray Ranch sold their mature cow herd in December of 21. When the opportunity came to acquire her again we knew that we couldn't pass up the opportunity to own her. She has made a significant impact on the angus breed raising the calving ease specialist U2 Retrospect 29E and she is the paternal granddam to MRLA Respect 42G. We are extremely excited to see where she takes our program.

Maternal Sister to 12K and dam of 46K

This guy is a well rounded bull. He's very stout, moderate and easy fleshing. 3/4 brother to last years highseller with a touch more performance. We believe a ton in this cow family as his dam entered our flush program and it seems his maternal sister is next on the list. Recommend for cows.

This guy might be my favourite of the whole group, from the same cow family as 12K. This late March born son of Stuart Dominic leaves a guy wondering what if he was born in February. It's been exciting to see how he progresses everyday now and one can only imagine what he will look like come sale day. Recommended for cows and well developed heifers.

29K is off of a first calf heifer that we selected from Terry and Stacey Hunt as a replacement heifer. She had everything we were looking for in her awesome skeletal frame and great feet, her udder was awesome one of the best on farm. She did a great job with this guy and this guy is made the same way. Recommend for cows.

The first thing that stands out about this guy is his deep dark red hair, dark black feet and extreme length all on a good frame. He may not be the stoutest bull in the pen but he's made right. His dam is a great cow that doesn't seem to get as much "attention" on social media as she should, just a never miss cow. Recommended for cows and well developed heifers.

48K is our sleep all night calving ease specialist, he also has excellent performance numbers to boot. His maternal grandsire bred commercial heifers at our place for 3 years we never pulled a single calf. Recommended for heifers and cows.

Welcome

Welcome everyone to our 3rd annual timed online bull sale. On behalf of our family, I would like to thank all of our previous bull buyers, as well as all past bidders, and those who have shown interest in our program.

At KS Cattle Corp, we work hard all year. We are always looking for new genetics, so that we will always have something to offer to our returning customers. Our feeding program is designed to develop yearling bulls in time for breeding season, with the longevity of the bulls in mind. We also spend countless hours around our animals, to maintain docility. We take great pride in our bull pen every year, and we look forward to showing them off to you. No bulls have been sold prior to the sale, so that you have the opportunity to buy our top end genetics.

For the second year, we are proud to be working with Aidan and Jayde. Their bulls have been a great addition to the sale offering, and it's exciting to be able to offer both red and black angus genetics in this sale.

We would also like to thank Jason Danard and his staff at TEAM for their help over the past 3 years. Their online bidding platform has helped us build our sale into a success. We will be using a staggered finish, so please bid early, so that you don't miss out. Online bidding is becoming more common in cattle sales, but if it's new to you, or if you need a hand, please don't hesitate to ask for our assistance. We are always happy to help.

We welcome you to come to the farm any time to take a look at this year's offering. Don't hesitate to call.

This year's lead off bull is a good one. We purchased his dam from the MarMac dispersal in Brandon Manitoba. His long body and smooth front end should make him a calving ease sire, while still providing added pounds to his calves.

This is the only SAV Bloodline bull to sell in this year's sale. We purchased this guy's dam from John Lock at the Touch of Class sale years ago, and she never ceases to amaze us. She is nearly 9 years old and is still picture perfect. Her calves always find their way to the top of the pen. Buy this bull with confidence.
