WESTON BACKCOUNTRY SUMMIT (166, 176, 186CM)

The Best Ski for: All-Mountain - Steeps, Trees & Good Snow

The Summit is a Swiss-army knife, jack of all trades, quiver killing daily driver. Just the right amount of reverse camber in the nose to help keep you afloat in deeper snow, while an approachable 1.5mm of camber provides solid pop and edgehold to keep the ski energetic. The Summit is the true definition of an all-mountain ripper.

108mm underfoot

WESTON BACKCOUNTRY GRIZZLY (166, 176, 186CM)

The Best Ski for: Powder + Freeski - Trees, Powder & Steeps

From GS turns down big faces to slicing and dicing through the trees, you find the pow and we provide the slaying. A mighty extended reverse camber in the tip/tail keeps it fun and floating while the stiffer tail helps to bust through the chop. Swift, floaty and fierce, the Grizzly is the ultimate powder predator.

118mm underfoot

Pin (Tech) Boots

Pin (tech) compatible boots with excellent range of motion for the ultimate touring comfort. We have a wide array of different Dynafit boots ranging from 23.5- 30.5 cm in size.
