

THE MOVEMENT

Together, we will provide resources for women trapped in abusive situations to end their cycle of trauma and live free.

The Happenings

- With so many displaced from the hurricane, our efforts to identify emergency shelter & affordable housing will be a priority. We will continue to work with local property management companies to create a better rental approval process to allow women with a monthly income but a limited credit history to be approved for property rental. We will be working with our sister organizations to identify more Emergency Shelter locations in order to provide shelter to women escaping abusive environments.
- We are Continuing our involvement with the Buncombe County Anti Human Trafficking Coalition & now participating on the Buncombe County Rapid Response Team.
- Working with grant funders to learn their process of applying & receiving grant money for our foundation.
- Continuing to develop our network of provider organizations to offer more healing & recovery pathways to our program service recipients.
- Continuing to participate in training seminars to better understand the non profit culture.

Mercy In The Midst Of Crisis!

Hurricane Helene brought devastating flooding & destruction, destroying the water supply, power, roads, communication services, businesses, homes & lives. Within hours after the disaster, Our Foundation began to receive donations of money & supplies and requests of how they could help! In the midst of an impossible and paralyzing situation, we saw neighbors, communities, surrounding cities, other states, faith based organizations and individuals come together with donations of water, food, clothing, monetary donations, debris clean up, emergency shelter and encouragement.

It was Mercy & Love in Action!

We are humbled and grateful! THANK YOU!!

THANK YOU!!

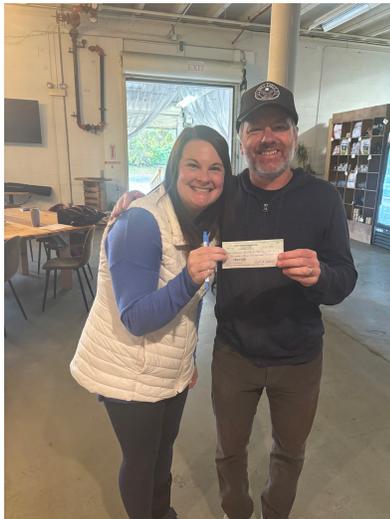

SAN DIEGO FOUNDATION!

We were awarded a Grant at the request of an anonymous donor to help us support hurricane relief efforts in our area. Since 1975, the San Diego Foundation has partnered with donors, nonprofits and community leaders to transform lives and create lasting change. With the \$\$ received we partnered with one of our sister organizations to provide needed funds to help women with basic needs - housing, food & water.

PARTNER CORNER

• **House of Mercy** is part of the Evangelical Presbyterian Church and seeks to make everyone feel welcomed - "House of Mercy is not a Building or a Place, but a People, and You Belong!" One organization they support is the Western Correctional Center for Women. Every Sunday they join their friends at the WCCW for a worship service, developing friendships, fostering acceptance & changing perspectives for all who participate. After incarceration, House of Mercy supports individuals upon their release from prison. They firmly believe that by uplifting those at the "bottom", we all rise together as a community. With the generous donations Mercy Mountain Foundation received dedicated to helping with hurricane relief, we were able to provide a Crisis Grant to House of Mercy in order to respond to some of these women in crisis with food, rent relief and supplies. Thank You House of Mercy for what you do for our community!

Meet Lilly Anne!!

Lilly is a Treeing Walker Coon Hound. As a puppy, Lilly Anne didn't pass the hunting dog tests, & was given up. Among a crowd of other dogs, Lilly Anne sat quietly & timidly waiting to be seen. Lilly Anne was rescued & soon found her destiny: to offer emotional comfort, physical touch, comedic relief, and & anchor to the present moment.
