

Friendship International

SEPTEMBER 13, 2024

A SAFE PLACE TO CONNECT

"How was your summer?" When friends get back together in the Fall after a break, this question is asked a lot! How will you answer it?

A few things your summer might have been filled with – travel, swimming, bonfires, camping, outdoor concerts, long walks, fireworks, museums, fresh fruit, bike rides, gardening, going to the farmer's market, ice cream, and more.

In addition to a lot of these wonderful things that we filled our summer with, we also spent some of our summer planning for YOU.

A full calendar of programs is laid out for the year ahead and a line-up of classes we hope you'll enjoy. In addition to learning something this year, we also hope you'll make many new friends and deepen friendships from last year.

If you are brand new to the United States and to Friendship International, let us tell you one thing we know to be true: Friendship International is a safe place to connect and make friends.

Are you worried about going to a new location?

Once you arrive at the church where we meet, it is easy to park and to navigate the building. There will be people waiting to help guide you!

Do you feel nervous about your English? That is okay! You are in good company. We are patient and will do our best to communicate with you, whatever that involves.

Are you bringing your baby or preschool child?

We have a team ready to take excellent care of your child so that you can enjoy the program and your class.

So as we leave behind the fun and relaxation of the summer, we are all ready to dive into something NEW this Fall and look forward to doing it with you!

Baseball: America's Pasttime

Are you interested in experiencing a professional baseball game here in the United States? The Lexington Legends are having their last games of the season this weekend!

The Legends are part of the Atlantic League of Professional Baseball (ALPB) which is an official partner with Major League Baseball (MLB). At a Legends game, you'll enjoy a similar yet slightly different experience of professional baseball compared to what you would find at an MLB game in larger cities. The stadiums are smaller and hold less people, and ticket prices are generally more affordable.

This Sunday afternoon, at the last game of the season, some tickets are specially priced at only \$5!

Click below to purchase tickets for the game on Sunday, September 15th at 2PM. When you open this web page the coupon code **24FAN** should appear under the box that says "Do you have a coupon code?" and will display the \$5 ticket option for purchase (small additional fees may apply).

You can pay more if you choose and may have more choice on which seats you buy. Just remove the coupon code from the box to see more options.
