

PLYMOUTH WATER DISTRICT  
MEETING MINUTES  
10/09/24

Present: Judy Lear, Austin Wyatt, Steve Hale

Meeting called to order at 3:20 p.m. Minutes of the September meeting were read and approved with corrections. Monthly water report was satisfactory. Vouchers and P-cards were read and approved. Discussion about the new meters that have been ordered.

Discussion about a vicious dog that bit Jeff and will be reported to the authorities. It was reported the PWD computer had crashed and was hopefully being repaired, and if unrepairable a new computer would have to be purchased. Discussion about P-card limits. It was reported that Rick's P-card had been destroyed as he was no longer the water operator.

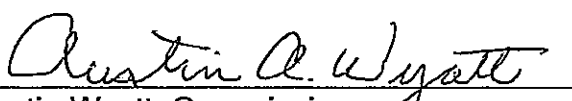

Discussion about obtaining a new water tank and keeping the 30 hp pump, and possibly getting a grant for the purchase of a new tank. The inside of the current steel tank will have to be redone, and another tank will be needed. It was mentioned that Austin needed to speak with Carlson regarding the clean-up of the compound.

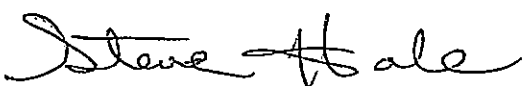

Judy reported again that she had not spoken to the insurance provider, but she would contact them next week after she returns from Idaho. Kari from Riverpoint Farms reported their new projects will require significantly more water than previously reported and they were looking into other sources, but would continue to purchase water from PWD.

It was reported that the proposed new fire station near the weigh station was not going to happen as they could not obtain access from Highway 14.

Meeting was adjourned at 4:48 p.m.
