

PLYMOUTH WATER DISTRICT
MEETING MINUTES
2/11/26

Present: Judy Lear, Steve Hale

Meeting called to order at 3:27 p.m. Russell absent because he is on an ambulance call. Minutes of the January meeting were read and approved. Minutes of the Special Meeting were read. *Russell showed up later SH*

P-Cards and vouchers were read and approved. It was determined that no labor vouchers would be processed if hours were not turned in on time. Discussed how expenses will be going up as Austin performed a lot of duties that would now have to be covered by someone else.

Judy reported she spoke with Todd from NW Water, and he said the rust showing up in Riverpoint's water could not be coming from our tank, because it would be showing up in water in town and in lines before their connection. She also reported that Todd would be attending the March meeting.

Judy reported she has received the title for the pick-up in the mail. Discussed the items at the compound, and a possible auction to get rid of unwanted stuff. It was reported that Riverpoint would be installing their own water system and leaving PWD, but it would not occur for about 5 years.

Discussed the rust issue at Riverpoint, and Kari reported they would be doing a flush of their system, beginning Friday 2/13, and if it goes well will be repeating it on Monday, Tuesday, Wednesday and Thursday of the following week.

Discussed putting gravel around the hydrant on Blue Sky, as it has eroded quite a bit. Financial report was given. A/R's were reviewed

Meeting was adjourned at 4:20 p.m.
