# Corporation Integrated Development Solutions

A professional organization devoted to providing strategic distribution solutions focused on ensuring that products reach target customers in the most direct and cost efficient manner. Where consumers are principally concerned with access 2M is focused on the distribution continuum. As a concept, distribution is relatively simple, in practice distribution management may involve a diverse range of activities and disciplines including: detailed logistics, transportation, warehousing, storage, inventory management as well as channel management.

- > Dedicated to addressing a wide spectrum of distribution paradigms:
  - ➤ Defining our "Distributorship" for our clients
  - > Understanding Distributorship Law
  - ➤ Defining Distributorship Responsibilities and Liabilities
  - ➤ Defining Distribution Channel Management
  - ➤ Assist Client in Creating Channel Motivation Incentives

"On all of the projects we worked on together, Mr. Keller expertly navigated the entire development process to deliver each project on time and within budget(s). He was a pleasure to work with and is a true and dedicated professional."

Walter Scott Leedom, Corporate Counsel Hammes Company Brookfield, Wisconsin
