Shemayet, a girl brought up in the fields by a father who has passed on a love of music, a skill which does not impress the landowner and her three daughters, who treat her as a servant. In her despair, Shemayet meets Fairy Rockmother, who gets her going in the right direction, which just happens to be on a barge headed for the palace to play in a music contest during the Heb Sed Festival.  Pyramid Rocks! turns out to be the "show within the show" hosted by the audacious Ra-Ra. The fun continues with lots of dancing and singing numbers, a bizarre plot to undo the Pharaoh, and the discovery of Shemayet are all revealed in the finale you don't want to miss.
