

CONTACT LENS POLICY

Contact lens fitting and management fees are required to maintain a contact lens prescription. Fees are outlined below and are **due annually** for initial fitting, re-fitting, and maintenance. **Professional fees for a contact lens fitting are non-refundable.** The fitting period covers all follow up appointments for 30 days to achieve a successful fit. Prescriptions are valid for one year. Contact lenses are the ELECTIVE use of a medical device as an alternative to eyeglasses. Contact lenses increase risk for infection if improperly worn or cleaned. You will be instructed on replacement schedule and wear.

The only insurance carriers that have a set fee schedule or benefit for contact lenses are VSP, EyeMed and PEP. Authorizations for contact lens material benefits are open for 30 days from your appointment. It is your responsibility to maintain schedule follow up appointments and order lenses prior to your authorization expiration. In the event that you do not maintain follow ups and 30 days has past, the process will be started over with a recharge of fees. Medically-necessary contact lens fit and materials will be pre-certified if necessary and charged on case by case basis.

Do you currently wear contact lenses? Yes / No What Brand? _____ How old are your lenses? _____

Do you sleep in contact lenses? Yes / No Do you want to sleep in contact lenses? Yes / No
