Creating spaces for better living.

ATD

ABOUT US

At Angel Tan Design Co, our passion lies in preserving the essence of history while infusing it with your unique personality. We believe that the frames of a structure—the architectural heritage—are worth celebrating. But it's the balance of those frames with your vision that truly brings a home together.

Previously known as Ramon Angel Architecture and Engineering, and later Mirai Architecture and Engineering Philippines, we have rebranded to Angel Tan Design Co – a reflection of our evolving expertise and our commitment to delivering exceptional design solutions.

We provide a comprehensive range of design services tailored to your unique needs. Our services include *joinery, interior fit-out, site supervision, architectural design, and interior design.*

Planning the process of turning your interior design dreams into reality involves thoughtful steps and strategic organization.

At its core, **process design** is the art of creating a clear blueprint for how a process should function.

The process of **developing**— a project into the art of creation and refinement!

Design Philosophy

Our philosophy centers on the belief that thoughtful design can transform everyday environments into inspiring havens. By blending functionality with aesthetic appeal, we aim to craft interiors that promote well-being and elevate your living experience. Together, we create spaces that nurture and inspire.

We cherish the history and character of each space. Whether it's an old house, a commercial building, or a modern apartment, we aim to retain its soulful elements. Our design philosophy embraces the beauty of imperfections—the patina of time, the creaky floorboards, and the stories etched into the walls.

Your home should reflect you. We work closely with our clients to understand their dreams, preferences, and lifestyle. From color palettes to furniture choices, we weave your personality into every nook and cranny.

The Joinery Specialist

With years of experience, we are the go-to experts for all your joinery needs. From designing and crafting custom furniture and cabinetry to restoring historical buildings, our team of skilled artisans can bring your vision to life.

Architectural Joinery

Creating beautiful and functional doors, windows, and staircases that enhance the aesthetic and functionality of any space.

Interior Fit-Out

Designing and installing high-quality paneling, moulding, and custom-built units to transform the look and feel of your interiors.

Restoration & Repair

Preserving the historic charm of buildings through meticulous restoration and ongoing maintenance services.

Our design process ensures a seamless experience from concept to completion. We conduct thorough consultations, detailed planning, and precise execution, allowing for open communication every step of the way.

DESIGN PROCESS

Creative Style

Our style is contemporary, infused with traditional elements and aesthetics. This blend creates a timeless look that honors and embraces diverse cultural identities, resulting in spaces that resonate with history and modernity.

We're not just designers; we're listeners. Your vision matters, and we're here to help you articulate it. Expect constant contact—from the initial consultation to the final installation. Your dream is our mission.
