

Why would so many that say they fight for Canadians Rights & Freedoms want to block and ignore me suddenly in June 2022?

Why would so many “create a narrative” to silence and attack me?

This shows a tiny number of people that have played key roles.

Canada Freedom Rights Movement

Inquiry inquisitors. Narrative destroyers. Human rights defenders. Mission focussed.

Will it tell the whole story though?

Not one Canadian expected a corporation to steal voices, control support, Control media (Canada Freedom Rights Movement) ring a bell? Come clean in the "documentary" maybe? This is when I learned the truth, by personal experience. 😞

The problem I personally have with all of this is: Why is it a mere citizen has to take the heat on GETTING PROPER INVESTIGATIONS?

This "Trial of the century" is a sham if none of this is considered or even alluded to in the trial.

The deception happening worldwide is not just a Canada thing. It is a worldwide issue.

Dana, You are skipping key steps before you can criminally charge someone for the several reasons you give. You want to get to the bottom of the crimes then that is where you must start. Have you tried to ask for proof the Mandates were even legal? How about filing for an inquiry on the root causes? To get people to surround police stations and such without using the tools we have as Canadians first to hold accountability is just dangerous and quite frankly putting the cart before the horse. Giving another chance for them to infiltrate and use it against Canadians.

Hey @TomMarazzo Maybe I missed it.

Can you show me in your book or in any of your expert testimony where you point out your concern about a corporation placing demands on a five eyes country?

Hmmm 🤔 Maybe this is the reason you block good Canadians? I see a pattern here...

One thing not discussed was the cash.

So the statement "how much got to the trucks, None," is incorrect. If you don't think the cash that flowed did not equal or exceed what was raised "initial" when you have no idea or hiding it by not even mentioning it, I see it.

This was good as it helped a lot of truckers instantly and for a year (the bill is far more than what is being discussed here. There has been a year of constant donations to many people in the "Freedom movement", to what end? We had a few key moments to make a huge statement that we were serious on the year anniversary, instead look at what happened. People jockeying and looking for more. The focus was purposely skewed.

And as I know what... The cause to all of this still does not have an initiative.

Placing a call for a public inquiry into the infiltration of our Canadian Government just like many others around this world and lead the way once again in peace.

Have a great day. 🙏🙏🙏

Police-man aka Peace-Man at it again lol He just doesn't realize we're on to him and his ill pals lol ...Dana, do not test us. that would be your downfall. It was you who ran to the Ottawa Police to have them arrest one of the Freedom Convoy organizers. Telling police that Jason is a cyber terrorists to have him arrested and we also viewed the recent email sent back to Jason from James Bauder stating he would attempt to lie and have Jason arrested. Thank God those MOU signatures are in a very safe place away from you and James.
