\* The small group lessons will be teacher-directed learning activities. Each child in the class will be assigned to one of four color groups. Each morning, after circle time, they will go to their designated color group with one of the teachers. They will listen to and participate in the lesson of the day. The lessons will vary and rotate through each group during the week. The focus of these lessons will be on building cognitive and/or motor competence.

\*\* The learning centers in the classroom will be the same throughout the year. Each week, based on the theme, specific skill building activities will be available in each area to direct or expand on the discoveries in the classroom. Classroom learning centers include:

- Playhouse
- Play Dough
- Art / Writing
- Math / Science / Sensory
- Quiet Area  
books, puzzles, etc.
- Blocks / Trains
- Easels
- Cooking
- Manipulatives  
Duplos, bristle blocks, unifix cubes, etc.

\*\*\* We use the Our Sunday Visitor "I Am Special" Religious Education Program. In addition to daily religious instruction, the children will have regular exposure to a variety of creative arts activities including art, music, movement and drama.

We use the Houghton Mifflin Pre-K Language Arts and Math curriculum series as well as the Pre-K Handwriting Without Tears program in our classroom.
