

**PROGRAMME 2023/24**

## What is the programme?

- It's a financial education programme aimed at post 16 students
- It is delivered over 2 years
- By the end of the programme >85% of students feel more able to manage their personal finances
- We have been delivering sessions on financial education since 2011
- We have been working with The Jack Petchey Foundation since 2020

## How many sessions are there?

- The programme is delivered by one of our facilitators over 4 sessions
- Each session is either 1 hour (interactive), or 75 minutes (super-interactive) - you choose
- We will attend school a maximum of 4 times throughout the year

# What's the difference between interactive and super interactive?

- Each interactive session with the exception of student finance will have a student activity embedded into it
- Super interactive will also use Kahoot quizzes and films

What audience  
is it aimed at?

- 3 of the sessions are aimed at year 12 students
- 1 of the sessions are aimed at year 13 students
- The programme is designed for the WHOLE year group - we would expect a minimum of 75% attendance

Do we get to  
choose topics?

- Year 12 - choose three from:
  - Student Finance
  - Tax & Pensions
  - Budgeting & Earning Extra Money
  - Cryptocurrencies & NFTs
- Year 13 - choose one from:
  - Any of the above
  - Credit cards & Credit Ratings
  - Flat Sharing + Saving & Investing

## What if we are a SEND school or a PRU?

- We will tailor a programme specifically designed to work for your students
- We will consult with you before we start and show you our materials before we deliver - just to make sure we have got it right

What if we want  
a different  
presenter?

- All of our presenters are chosen because they are great at what they do
- Very occasionally things might not work out, so if that's the case let us know and we can bring somebody else in

# How can students and schools tell you what we think?

- We are working with Bean Research to compile our impact report
- During each session students will be asked to complete a short online quiz. They will also have an opportunity to leave feedback on the session.
- Schools will be asked to complete an expectation survey on sign up and an evaluation survey after programme completion.
- These will take around 3 minutes each and will be done online.

## What happens after the programme finishes?

- We will forward each school the names of their students who completed the online quiz along with their feedback
- Each school will be able to print off a WWJP certificate for presentation to each student

Is there a cost  
to the school?

- Jack Petchey Foundation heavily subsidise the cost of the programme for each school
- There is a one off contribution of £150 from each school which covers the whole programme

## How do we book a place?

- You can register interest through this website
- You will not be booked onto the programme until you have arranged delivery of your first session
- Places are limited to 125 schools on a first come first served basis

Can we have a chat first?

- You can get hold of us at [office@wizeupfinancialeducation.co.uk](mailto:office@wizeupfinancialeducation.co.uk)
- Or you can call Ed on 07941-278956
