

Required Actions on Snow Days

Canton does a great job communicating to the city a snow emergency. During that emergency, it is imperative we have the roads clear so they can be easily plowed.

On days when snow is in the weather forecast, please try to move vehicles off the street so the entire roads can be fully plowed and cleared.

In addition, when shoveling/snow blowing the snow off your driveway and sidewalks, please direct the plowed snow on your yard and not in the street to ensure a clear and drivable road for our safety. Blowing or shoveling your snow in the street is illegal under state law. Thank you.

Still Speeding! Please Slow Down!

As communicated prior, we are seeking everyone's help to please be mindful of the speed limit (25 mph or lower). Expecting guests? Please inform them of the speed limit in Tottenham too. As a community, we should want to make sure everyone can walk or play in the area without any chances of getting hurt by a vehicle.
