**What is it?**

A lightweight, quick-drying, soothing gloss that leaves hair soft with a smooth shine. The versatility of this product allows it to be used to condition, style or finish on wet or dry hair.

**What It Does:**

- Seals in moisture for a polished, flawless shine.
- Fends off Frizz & tames flyaways.
- Helps to protect against heat damage and color fade while restorative vitamin E leaves hair feeling healthy.
- Helps speed up the hair drying process.

**WHY USE IT:**

- Great as a workable styling base or as a final touch to add a dazzling, reflective shine to any look.
- Soothing ingredients work to smooth hair for a frizz-free finish.
- Shampoo-soluble formula is perfect for all hair types.
- Can be applied to wet or dry hair.
- Helps to protect from heat styling, environmental damage and early color fading.

**Viviscal Vitamins**

While thinning hair can become a problem for anyone at any time of your life, Viviscal hair supplements are meant for everyone to use. It's important to know how you can help protect your hair and retain the hairs life cycle.

Your hairs stem cell is the vital building block for beautiful strong to die for hair. When that stem cell is attacked by stress, natural elements and of course medications it weakens your once strong stem cell. Normally the Anagen phase (stage 1 of hair growth) lasts 2 – 7 years before the hair strand detaches and sheds making way for the new hair to take its place, but in its weakened state your individual hair strand becomes finer and the Anagen phase becomes shorter causing more shedding of your hair which creates the sparse appearance.

Viviscal Vitamins contain **Biotin** which protects against dry hair and can increase the elasticity within each strand, while **Niacin** promotes blood circulation in the scalp often speeding up the growth process of hair, but it's the **Iron** which has the biggest affect on a healthy hair strand.

If you experience sudden shedding of hair you should consult your doctor or dermatologist and ask to have your Iron checked.

Why are they better than other store-bought vitamins?
