

Help

You never have to pay your order on the website. Once your order is sent, you will receive an invoice to make your payment.

Shipping Cost

Some items ship for free; this will be indicated on the product page.

Some items have a fixed shipping fee. If the fee is \$2 and you purchase 3 items, the total will be \$6. It can be less expensive when we put all the items into the same package, so when you receive your invoice, it may be less than what you saw on the website.

Some items, like Lemax products, need to be calculated manually. On the payment page, you will see \$10 for shipping fees. These fees are only a small amount to let you know you'll have shipping fees to pay. Once your order is sent, we will email you with the different options available for your order.
