FELLOWSHIPS, GRANTS, & AWARDS

Stanford Interdisciplinary Graduate Fellowship \$155,000 2021-2024
Awarded to graduate students pursuing interdisciplinary research.
Office of the Vice Provost for Graduate Education, Stanford University

Karr Fellowship \$10,000 2022-2023
Awarded to graduate students pursuing interdisciplinary research in education.
Center for Education Policy Analysis, Stanford University

International Research Grant \$7,000 2022
Awarded to fund international exploratory research.
King Center for Global Development, Stanford University

Fellowship for Minoritized Professionals in Educational Measurement \$3,000 2022
Awarded to fund costs of attending the National Council on Measurement in Education conference.
Chan Zuckerberg Initiative

Researchers of Color Mentored Travel Award \$1,000 2021
Awarded to researchers of color accepted to present at the conference.
Society for Research on Educational Effectiveness

Institute of Education Sciences Fellowship \$60,000 2019-2021
Program in Quantitative Education Policy Analysis
Awards fund doctoral student training in quantitative education policy analysis
Center for Education Policy Analysis, Stanford University

Stanford Impact Lab Collaborative Research Fellowship \$3,000 2020
Immigration Policy Lab
Awarded to engage in problem-focused research.

RESEARCH EXPERIENCE

Global Executive Function Initiative, Stanford University May 2022-present

- Publish guidelines for standardized executive function direct assessment task selection, analysis, and data reporting
- Develop and pilot contextually adaptable parent, teacher, and assessor reports of executive function behaviors
- Design interview protocols for mixed methods research to examine novel direct assessment measures

Streetlight Project, Harvard and Northwestern University December 2021-present

- Conduct literature review on measurability, malleability, universality, and validity of psychological constructs in underrepresented populations
- Qualitative analysis of interviews with parent and teacher perspectives on skills important for children's learning

Research Assistant, Dr. Isaac Mbiti, University of Virginia June 2018-August 2019

- Analyze data and draft papers on teacher incentives and vocational education in Kenya, Tanzania, and Ghana
- Collaborate on research project to analyze impact of curriculum reform on learning outcomes in Tanzania

Research Assistant, Dr. Pascaline Dupas, Stanford University August 2013-September 2016

- Analyze randomized controlled trial data from 2,050 youth respondents and their households in Ghana
- Oversee survey design and implementation across 400 junior high and secondary schools in Ghana

Project Associate, Innovations for Poverty Action (IPA), Accra, Ghana July 2012-July 2013

- Manage follow-up survey for randomized controlled trial to estimate the returns to secondary education with principal investigators Dr. Pascaline Dupas, Dr. Esther Duflo, and Dr. Michael Kremer
- Design, pilot, and implement survey instrument for 2,050 youth respondents and their guardians across six southern regions of Ghana with 98% of respondents successfully tracked and surveyed
- Organize survey fieldwork, hire field staff, and monitor survey activities
- Manage daily project finances and operational budget of US\$250,000 for project activities
- Coordinate data entry and clean datasets using STATA

Field Coordinator, The World Bank Group October 2015-August 2016

- Implement the Energy Sector Management Assistance Program (ESMAP) Multi-Tier Energy Access Tracking Framework on a global scale across 20-30 different countries
- Lead team to design and finalize questionnaire measuring energy access using a multi-tier approach
- Collaborate to develop the methodological report and sampling strategy for the survey
- Oversee survey activities: select survey firms, train enumerators, data collection and cleaning

Intern, Innovations for Poverty Action (IPA), Dhaka, Bangladesh January 2012-May 2012

- Assist Dr. Mushfiq Mobarak and Dr. Raymond Guiteras with randomized controlled trial to evaluate the impact of demand and supply interventions on the adoption of improved sanitation in rural Bangladesh
- Design and pilot-test survey questionnaires, train and supervise 54 enumerators on survey administration, and manage baseline survey administration for 8,400 households
- Collaborate with NGO partners to implement interventions for 18,250 households and design monitoring, evaluation, and data collection tools

Intern, UN World Food Programme (WFP), Dhaka, Bangladesh August 2011-December 2011

- Collaborate to design and implement randomized controlled trial to evaluate food and cash transfers and nutrition behavioral change communication interventions
- Assist in training NGO workers, conducting baseline surveys, and monitoring beneficiary selection for an emergency operation to assist flood victims in Satkhira district of Bangladesh
- Edit assessment reports and case study write-ups for dissemination to ambassadors and government officials

TEACHING EXPERIENCE

Introduction to Psychology (Psych 1), Teaching Assistant, Stanford University Fall 2023 & Spr 2024

- Teach two weekly sections for 15 students each to apply psychology concepts to real word situations and engage students in discussion
- Mentor students during office hours on psychology interests and career trajectories

Resource Allocation in Education (Educ 222), Teaching Assistant, Stanford University Spr 2022

- Provide written feedback to Masters and PhD students on essay assignments examining tradeoffs for competing goals and outputs in education policy

Intermediate Microeconomics (Econ 306), Teaching Assistant, Univ. of Maryland College Park 2016-2018

- Teach exam review sections on foundational microeconomics theories and applications
- Mentor students during office hours on economics interests and career trajectories

SERVICE AND MENTORSHIP

Stanford Graduate School of Education Student Mentor 2020-2022

- Mentor incoming master's and doctoral students on courses, research, work-life balance during graduate school, and career pathways

Undergraduate Research Assistants, Stanford University 2023

- Advise undergraduate research assistants on research projects and post-graduate research careers

PROFESSIONAL MEMBERSHIPS

Society for Research on Educational Effectiveness

Society for Research in Child Development

National Council for Measurement in Education

American Educational Research Association

COMPUTER AND LANGUAGE SKILLS

- Software - STATA, R, Mplus, LaTeX, Dedoose, Atlas.ti, otter.ai, MS Office (Word, PowerPoint, Excel)
- Fluent in English, conversant in Bengali, and elementary proficiency in Spanish and French
