WELCOME

The staff, administration, and Board Members of the Lutie R-VI School District wish to welcome you to the 2024-2025 school year. It is our desire that you and your student experience a successful year. To achieve this goal of success, we must have standards and procedures in place, which provide the framework for maximum learning to occur. We ask that you and your students carefully review the topics of this handbook, as they will answer many questions you may have about your school's operational policies. The purpose of this handbook is to give you a better understanding of the rules, policies, and procedures which are part of everyday life at Lutie R-VI School. We ask that you and your student take pride in his/her education, extracurricular activities, school club memberships, and school. Be respectful and considerate of everyone in our community. Please take time to review this handbook so you will be aware of the many educational opportunities available at Lutie R-VI School. We, the teachers, staff, Board Members, and administration will work hard to make each day of school a learning opportunity that is rewarding and enjoyable.

LUTIE SCHOOL MISSION/VISION

The Mission of Lutie R-VI School District is to empower students to be contributing citizens. The Lutie R-VI School District, working with the community, will provide quality educational opportunities for our students. (Revised 2008 by the Lutie Board of Education)

HANDBOOK INFORMATION

ACADEMIC DISHONESTY (Cheating)

Students are expected to complete school assignments according to the highest ethical standards. When a student plagiarizes work or cheats on an assignment/exam in any class, penalties will be imposed as part of the normal discipline procedures. Refer to Discipline Code for penalties for infractions of Academic Dishonesty.

ACTIVITIES: EXTRACURRICULAR GRADES K-6

All students who wish to participate in extracurricular activities should realize that these activities are just that, **EXTRA**. These activities are not part of the school curriculum; thus, they are secondary to the main objective of the Lutie R-VI School which is to provide an academic education to its students.

Attendance

1. A 90% or better attendance must be maintained to remain eligible to participate in extracurricular activities in grades K-6.
2. Students not attending school on the day of an extracurricular activity will not be permitted to attend or participate in the activity unless special arrangements have been made between the parents and the administration.

Behavioral Expectations

3. Our Lutie Indian students who participate in any extracurricular activity are expected to set a positive example and to bring a sense of pride to all of our students, our school, and our community. Due to the importance of the actions of our student participants and athletes, the following guidelines have been set forth for any of our students or athletes who act in a manner that discredits the school:

In School Suspension: (ISS)

4. If students are serving ISS, they will not be allowed to attend extracurricular activities.

Out of School Suspension: (OSS)

5. Each day missed due to an out of school suspension will result in ineligibility for the next extracurricular activity or game in the current or next season. A punishment that results in 3 days of OSS will result in 3 activities or game suspensions in the current or upcoming sports season.

In addition to the above Lutie R-VI handbook policy, **all students participating in extra-curricular interscholastic activities or athletics must comply with the regulations set forth by the Missouri State High School Activities Association (MSHSAA) of which the Lutie R-VI School is a participating member.**

The academic requirements set forth by MSHSAA are as follows: By-law 213.0 Academic Standards-Statement of Philosophy-Participation in high school activities is a valuable experience and should not be looked upon as a reward for academic success. Students with low academic ability need the educational development provided through participation in activities as much as students with average or above average ability. Activity participation should be for all students making appropriate progress toward graduation and otherwise in good standing.

Eligibility requirements: The Lutie School District is a member of the Missouri State High School Activities Association (MSHSAA). All students who participate in extracurricular activities on behalf of Lutie Schools must meet all eligibility requirements established by MSHSAA. Students and parents should take special note of these requirements so that they may maintain their ability to participate in interscholastic activities. All students and parents must review the booklet entitled "How to Maintain & Protect Your School Eligibility" distributed by MSHSAA prior to participation in interscholastic activities. Brief Summary of MSHSAA Eligibility requirements:

Citizenship: You must be a creditable citizen. Creditable citizens are those whose conduct, both in school and out of school, will not reflect discredit upon themselves or their school.

Sportsmanship:

If you commit an unsportsmanlike act while participating in an event, you could become ineligible. If your conduct as a spectator is found to be unsportsmanlike, you could be barred from attending any further high school athletic contests. The unsportsmanlike conduct of any spectator, regardless of age, could cause that spectator to be barred from attending school athletic contests.

Physicals Required for Activity Participation

- No pupil on the High School level shall be permitted to participate in any interschool athletic event, including cheerleading, without the written consent of parents/guardians and a written permit from a physician. Both consent and permit are to be in the hands of the Athletic Director before the pupil may participate in any competitive athletic event. Forms will be available from the coach. School insurance or evidence of family coverage is required prior to participation.

Student Insurance

- Students enrolled in athletic programs, including cheerleaders, must be covered by school insurance or show proof of other insurance. The coverage is provided as a service and is sold soon after school starts in the fall. The school merely acts as a medium in supplying the insurance forms and assumes no liability, either for the injury or the subsequent negotiations with the insurance company. The student insurance is to be mailed directly to the company by the parents of the student and is the responsibility of the parent or guardian. Claims will be handled by the parents directly with the insurance company. Claim forms can be picked up in the superintendent's office.

ANNOUNCEMENTS

Announcements are made in six ways:

1. Daily video bulletins are played to students during 1st hour if they are not shared in the cafeteria at breakfast.
2. Posters are hung around the school.
3. Notice of special events sent home to parents.
4. Posted on the Internet and on school marquee sign.
5. Emailed to parents and patrons that requests them.
6. Phoned through our automated phone message delivery system.

ARTICLES FROM HOME, ELECTRONIC DEVICES, and CELL PHONES

Board Policy 2656 - Student Cell Phone Usage

Developments in cell phone technology in recent years have resulted in enhanced communication opportunities. However, the use of cell phones in schools poses increasing risks of school disruptions, bullying, criminal activity, and academic dishonesty. Student cell phones, digital cameras and similar electronic devices will be banned during the instructional day, as well as in dressing areas during extracurricular activities. Violation of this policy will result in in-school suspension. **Students are allowed to use cell phones at Breakfast and Lunch times.**

Telephones are also available in school offices for parents to contact their student/s for legitimate reasons. Electronic recording of classrooms is prohibited, and violations will be disciplined according to school discipline policy. No cell phones usage allowed in the restroom.

Articles from home and/or electronic devices other than phones are not allowed at school unless you have a note from the classroom teacher asking your child to bring an item to school for his/her class. If your child brings an article from home and it causes any disruption to the classroom learning time

and/or recess time, the article will be kept in the principal's office until a parent/guardian picks the item up. The item may be given to the bus driver to take home for the parent/guardian to pick up from the bus if the parent calls and speaks to the principal. Students may also receive discipline according to the Discipline Code.

The Lutie R-VI School District is not responsible for the damage of any item brought from home.

ISS

See Discipline Codes.

ASSEMBLIES

Several times through the year, our school could present special people with unique talents for your educational learning and enjoyment. The individuals conducting these programs are our guests and should always be treated with respect. All students are expected to be attentive, courteous, and on their best behavior during assemblies. Students that are disruptive and/or demonstrate bad manners may face disciplinary action including the loss of the privilege of attending assemblies.

ATTENDANCE AND ACADEMIC

It is the philosophy of the Lutie R-VI Board of Education that every student's attendance in class every day is vital for the maximum benefit of day-to-day instruction to be derived. Promptness and regular attendance are one of the student's most important responsibilities. Poor attendance and poor achievement usually go hand in hand. It is important that the student attends school on a consistent basis to receive full benefits of the educational program. **The parents have a legal and moral responsibility to require regular attendance at school.**

Compulsory Attendance Law:

Missouri State Law requires all children between 7 and 17 years of age to regularly attend a public, private, parochial, parish, home school, or a combination of such schools for the duration of the entire school term. Parents, guardians, or other persons having legal custody of a student may obtain a court order requiring the student to attend school until the student receives a high school diploma or its equivalent or reaches the age of 18. Once enrolled in the district, the district expects the student to attend regularly and for the student's parent or guardian or other adult having charge, control or custody of the student, to communicate regularly and honestly with the district regarding the student's absences. Because the Lutie R-VI School District Board of Education and district staff strongly believe that regular attendance is important in gaining the most from the educational experience, the district will make every effort to ensure students are attending school as required by law. State law requires district staff to report all instances of abuse and neglect, including educational neglect.

Attendance: A student is **in attendance** if the student is physically present in a class, participating in a district-sponsored or district-approved activity, participating in a class through alternative methods or media as allowed by Board policy, receiving homebound services, or receiving services at another location pursuant to law or by arrangement of the district.

Parent/Guardian is a parent, guardian or person acting as a parent in the absence of the parent or guardian if the student is under 18. If the student is 18 or otherwise emancipated, the student will serve as the parent for the purpose of this procedure.

Tardy: A student is tardy if the student arrives after the expected time for class or when school begins at 8:00 a.m., as determined by the district. The time the student is not in school, arriving late or leaving early, will count towards their total absence time. **Lutie R-VI begins school at 8:00 a.m. and school ends at 3:15 p.m.**

Truancy: A student is truant if the student is absent from class or school without the knowledge and

consent of the parents/guardians and the administration. A student is also considered truant if the student leaves school without the consent of the principal or accumulates excessive unjustifiable absences, even with parental consent.

EXCUSED ABSENCES: Excused absences include the following types of absences:

- 1. Funeral of Immediate Family Member:** A maximum of two days EXCUSED absence will be granted for the death of an immediate family member. The immediate family consists of Mother, Father, Parent/Guardian, siblings, aunt, uncle, and grandparents. The Administration reserves the right to alter the definition of "Immediate Family Member" and extend the number of allowable days' absence in extenuating circumstances.
- 2. Approved School Activities:** Students attending a school-sponsored activity will be EXCUSED ONLY FOR THE TIME THEY ARE PARTICIPATING IN THE ACTIVITY. If an activity ends during the scheduled school day, the student will be expected to return to their regularly scheduled class. If they do not return to their regularly scheduled class, their absence will be considered UNEXCUSED for the number of applicable hours they were absent.
- 3. Sick Note from Parent/Guardian** – 3 days per semester.
- 4. Routine Doctor's or Dentist notes**-3 days per semester (documentation submitted to office within 24 hours of visit)
- 5. Nurse Home**

UNEXCUSED ABSENCES: Unexcused absences include but are not limited to the following types of absences:

1. Sick note from Parent / guardian – any days over 3 per semester.
2. Any absence not verified within 24 hours will be unexcused

Consequences for Violations:

Excessive Absences Grades K-12 Truancy Court: Judge Craig Carter and the Division of Child Services have developed a procedure to report when students have excess absences or tardies. The following procedures will be followed by semester:

3rd and 5th unexcused absence: A letter will be sent home to parent / guardian warning your student is close to his / her allowed 6 absences.

7th unexcused absence: Administration will report the parent / guardian and student to the Truancy Court.

In cases where the district is aware that a student must be absent for an extended period, the district will arrange for the student to receive instruction by other appropriate means.

Students not attending school on the day of an extracurricular activity will not be permitted to attend or participate in the activity unless special arrangements have been made between the parents and the administration.

PROCEDURE FOR EXCESSIVE TARDIES/TRUANCY GRADES K-6

Unauthorized absences or tardies from school are considered truancy (skipping school). Students who are truant will not be permitted to make up work missed, and disciplinary action will be taken.

Students have a responsibility to be on time to school and to each class:

1. **Clarification of responsibility:** A student shall be considered late to class if he/she is not in his/her assigned seat at the designated time. (8:00 a.m. is when school begins) When a

student is tardy, the student must go to the office and receive a pink tardy slip before entering the classroom.

2. **First and Second Tardy:** When the student is tardy to class the first and second time within a semester, he/she will go to the office and receive a pink tardy slip. A parent letter will be sent home after the second tardy is received. Refer to the Discipline Code for further tardy penalties.

Any student arriving late or leaving early from school **must sign in or out** in the office.

Tardy: If a student signs in between **8:00 a.m.-8:09 a.m.** he/she will be charged with tardy minutes. Anyone signing in later than **8:10** will be counted as absent for the minutes, hour(s) missed.

Leaving Early: If a student signs out early, he/she will be counted absent for the minutes that he/she is absent.

STUDENTS MUST HAVE THE ABSENCE EXCUSE NOTE(S) TURNED IN TO THE OFFICE FOR THE ABSENCE THE DAY THEY RETURN TO SCHOOL.

PROCEDURE FOR EXCESSIVE TARDIES/TRUANCY GRADES K-6

Unauthorized absences or tardies from school are considered truancy (skipping school). Students who are truant will not be permitted to make up work missed, and disciplinary action will be taken.

Students have a responsibility to be on time to school and to each class:

1. **Clarification of responsibility:** A student shall be considered late to class if he/she is not in his/her assigned seat at the designated time. 3. **Third Tardy during Semester:** When the student is tardy the third time to the same class within the semester, the student will receive one (1) day of After School Detention (ASD) and a letter will be sent to his/her parents. Refer to the Discipline Code for further tardy penalties.

Any student arriving late or leaving early from school **must sign in or out** in the office.

Tardy: If a student signs in after **8:10 a.m.** he/she will be charged with a tardy. Anyone signing in later than **8:10** will be counted as absent for the minutes, hour(s) missed.

Leaving Early: If a student signs out early, he/she will be counted absent for the minutes that he/she is absent.

STUDENTS MUST HAVE THE ABSENCE EXCUSE NOTE(S) TURNED IN TO THE OFFICE FOR THE ABSENCE THE DAY THEY RETURN TO SCHOOL.

ADDITIONAL INFORMATION

Lutie abides by a closed-campus policy to help insure the safety of our students. Students may not check themselves out at any time for any reason. Parents must sign students out of school or make prior written arrangements with the office. It is the student's responsibility to make sure he/she follows proper check out procedures, sign out in the office, and complete any missed assignments.

ATTENDANCE COMMUNICATION

Parents are asked to call the office and notify the attendance secretary of your child's absence before 9:00 am.

BUILDING HOURS

The instructional school day begins at 8:00 a.m. and ends at 3:15 p.m. We encourage children not to arrive before 7:30 a.m. It is not possible to provide supervision for students before 7:30 a.m. or after 3:15 p.m. Grades PK-6 Parent Pick-Up will be dismissed at 3:15 from the front doors. Staff will help students load into their parent's vehicle. If you have a child staying for any extracurricular activities, please make sure arrangements have been made for their travel home. If a younger sibling is staying with the child involved, they will need to have a **note and permission** from the teacher or coach of the older sibling in order to stay. The younger sibling will need to stay with their older sibling, because that coach or teacher will be responsible for them.

BUILDINGS AND GROUNDS

Students should take pride in their school and surrounding campus by keeping it clean and free from unsightly trash and/or other debris. We can all make a difference by doing our own fair share. It is the responsibility of each individual to take care of the building, equipment, textbooks, and other school property. Any person caught vandalizing or defacing school property will be held responsible for the cost of repairs and may be subject to punishment according to the discipline code.

DISTRICT BULLY POLICY 2655

The district is committed to maintaining a learning and working environment free of any form of bullying or intimidation. Bullying is strictly prohibited on school grounds, or school time, at a school sponsored activity or in a school related context. Bullying is the intentional action by an individual or group of individuals to inflict intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or substantially disrupts the orderly operation of the school. Bullying may consist of physical actions, including gestures, or oral, cyberbullying, electronic, or written communication, and any threat of retaliation for reporting acts of bullying.

Cyberbullying means bullying as defined above through the transmission of a communication including, but not limited to, a message, text, sound, or image by means of an electronic device including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager. The district may prohibit and discipline for cyberbullying that originates on any District campus or at a District activity if the electronic communication was made using the school's technological resources, if there is a sufficient nexus to the educational environment, or if the electronic communication was made on the district's campus or at a District activity using the student's own personal technological resources. Further, students who engage in significant acts of misconduct off campus which materially and adversely impact the education of District students will be subject to discipline.

Bullying, as defined in this policy, is strictly prohibited. Students are encouraged to report any incident of bullying which they have witnessed or incurred, by contacting their building principal. District employees are required to report any instance of bullying which the employee has witnessed within two (2) school days of the occurrence. Employees shall report the occurrence to the building principal, who is the person the district designates to receive reports of incidents of bullying.

A principal who receives a report of an incident of bullying shall initiate an investigation into the allegations within two (2) school days of receipt of the report. The principal may assign other employees to assist in the investigation, or request that the superintendent assign an outside investigator. The investigation shall be completed within ten school days from the date of the written report of bullying unless good cause exists to extend the investigation. No employee or student who reports an act of bullying shall be subject to reprisal or retaliation for making such a report. Any person who engages in reprisal or retaliation against an employee or student who reports an act of bullying shall be subject to a disciplinary action.

Students who are found to have violated this policy will be subject to consequences depending on factors such as: age of student(s), degree of harm, severity of behavior, number of incidences, etc. Possible consequences to a student for a violation of this policy include loss of privileges, classroom detention, conference with teacher, parents contacted, conference with principal, in-school suspension, out-of-school suspension, expulsion, and law enforcement contacted.

The district shall give annual notice of the policy to students, parents or guardians, and staff. This policy shall be included in all student handbooks. This policy shall also be posted on the Lutie R-VI District web page (as a Board policy) and a copy shall be placed in the District Administrative Office.

The district shall provide information and appropriate training to District staff that have significant contact with students regarding the policy. All staff with significant student contact shall be trained in the requirements of this policy on an annual basis.

The district shall provide education and information to students regarding bullying, including information regarding this policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, reprisal, or retaliation against any person who reports an act of bullying. The district shall instruct its school counselors, school social workers, licensed social workers, mental health professionals, and school psychologists to educate students who are victims of bullying on techniques for students to overcome bullying's negative effects. Such techniques include but are not limited to, cultivating the student's self-worth and self-esteem; teaching the student to defend himself or herself assertively and effectively; helping the student develop social skills or encouraging the student to develop an internal locus of control. District administrators will implement programs and other initiatives to address bullying, to respond to such conduct in a manner that does not stigmatize the victim, and to make resources or referrals available to victims of bullying.

BUS DRIVERS

Mrs. Jan Hillhouse

Mr. Paul Hillhouse

Transportation Director: Ms. Kathalee Cole, Superintendent

BUS INFORMATION

The bus is an extension of the classroom and all rules, policies and procedures used in the classroom must be followed. Students whose conduct interferes with the safe travel of the school bus will be disciplined under the discipline code.

It is the policy of the Board of Education to provide safe buses, to maintain liability insurance, to use a competent, licensed driver, and to establish routes considering economy, time required for routes, size, road conditions, and safe bus stop locations.

The Lutie R-VI School District provides bus transportation for all qualified students to and from school, and to extracurricular functions. Proper behavior is a necessity to ensure the safe operation of the bus. Students are to remain seated, facing forward and refrain from loud/boisterous talking. All other school guidelines apply equally to those riding the bus. Behavior that is inappropriate may result in a parent or guardian conference, and the possibility of losing bus riding privileges for a period of time. Bus drivers have the option of assigning seats to all or part of their student riders.

Student participants must ride the bus to extracurricular functions and field trips and are required to return on the bus unless parents/guardians make written requests to the teacher **IN PERSON** that their child will be allowed to return home with their parents/guardians and that the parents/guardians

accept full responsibility for their child's safety during that trip. Students may ride home with the parents of another student if the teacher has a written request from the child's parent or guardian.

CHILD CUSTODY ISSUES

Both natural parents of a student shall have access to the student's records if the student is under 18 years old regardless of the parents' marital status unless a court or divorce decree specifically removes one parent's right to have knowledge of and/or participate in the child's education. In cases where a student is not living with both natural parents, the school will recognize the custodial parent as the person with whom official school contact is made. If there are parental controversies or disputes, the school office must have legal documentation to enforce the wishes of the legal guardian or primary custodial parent. The school will try, upon request, to provide the non-custodial parent with educational information they need to stay informed and involved with their child's progress. However, it is not always possible to keep the non-custodial parent informed of all school activities and programs. Therefore, the non-custodial parent has the responsibility to communicate with the school to obtain the information needed.

DIRECTORY INFORMATION

Directory information is information contained in an education record of a student that generally would not be considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The district will designate the types of information included in directory information and release this information without first obtaining consent from a parent or eligible student unless a parent or eligible student notifies the district in writing as directed. Parents and eligible students will be notified annually of the information the district has designated as directory information and the process for notifying the district if they do not want the information released.

Even if parents or eligible students notify the district in writing that they do not want directory information disclosed, the district may still disclose the information if required or allowed to do so by law. For example, the district may require students to disclose their names, identifiers or district e-mail addresses in classes in which they are enrolled, or students may be required to wear, publicly display or disclose a student identification card or badge that exhibits information that is designated as directory information.

The school district designates the following items as directory information.

General Directory Information – The following information the district maintains about a personally identifiable student may be disclosed by the district to the school community through, for example, district publications, or to any person without first obtaining written consent from a parent or eligible student:

- A. Student's name
- B. Date and place of birth
- C. Parents' names
- D. Grade level

- E. Enrollment status (e.g., full-time or part-time)
- F. Student identification number
- G. User identification or other unique personal identifier used by the student for the purposes of accessing or communicating in electronic systems as long as that information alone cannot be used to access protected educational records
- H. Participation in district-sponsored or district-recognized activities and sports;
- I. Weight and height of members of athletic teams
- J. Dates of attendance
- K. Degrees, honors and awards received
- L. Artwork or course work displayed by the district
- M. Schools or school districts previously attended
- N. Photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

Limited Directory Information – In addition to general directory information, the following information the district maintains about a personally identifiable student may be disclosed to:

- A. School officials with a legitimate educational interest
- B. Parent groups or booster clubs that are recognized by the Board and are created solely to work with the district, its staff, students and parents and to raise funds for district activities
- C. Parents of other students enrolled in the same school as the student whose information is released
- D. Students enrolled in the same school as the student whose information is released
- E. Governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services: The student's address, telephone number and e-mail address and the parents' addresses, telephone numbers and e-mail addresses.

Law Enforcement Access - The district may report or disclose education records to law enforcement and juvenile justice authorities if the disclosure concerns law enforcement's or juvenile justice authorities' ability to effectively serve, prior to adjudication, the student whose records are released. Law enforcement officials also have access to directory information and may obtain access to student education records in emergency situations as allowed by law.

Law Enforcement Unit Exception - The Board designates the school resource officer or superintendent or superintendent's designee as a law enforcement unit under the Family Educational Rights and Privacy Act (FERPA). Records created and maintained by the law enforcement unit for law enforcement purposes may be disclosed to local, state and federal juvenile justice, law enforcement and social services agencies without parental consent or a subpoena.

Children's Division Access - The district may disclose education records to representatives of the CD when reporting child abuse and neglect in accordance with the law. Once the CD obtains custody of a student, CD representatives may also have access to education records in accordance with the law. CD representatives may also have access to directory information and may obtain access to student education records in emergency situations, as allowed by law.

Military and Higher Education Access - The district will disclose the names, addresses and telephone numbers of secondary school students to military recruiters or institutions of higher education as required by law unless the parent or student notifies the district in writing not to disclose the information to those entities.

Parent and Eligible Student Access - All parents may inspect and review their student's education records, seek amendments, consent to disclosures and file complaints regarding the records as allowed by law. These rights transfer from the parent to the student once the student becomes an eligible student; however, under the Missouri Sunshine Law, parents maintain some rights to inspect student records even after a student turns 18. The district will extend the same access to records to

either parent, regardless of divorce, custody or visitation rights, unless the district is provided with evidence that the parent's rights to inspect records have been legally modified. If a parent or eligible student believes an education record related to the student contains information that is inaccurate, misleading or in violation of the student's privacy, the parent or eligible student may use the appeals procedures created by the superintendent or designee to request that the district amend the record. The district will annually notify parents and eligible students of their rights in accordance with the law.

This statement represents the annual notice.

DISASTER DRILLS

Tornado, Fire, Intruder, Bomb Threat, and Earthquake

As a safety precaution, and in accordance with Missouri school laws, safety drills are held throughout the school year. The procedures for drills and evacuation are posted in every room and throughout the school. Teachers will advise students of the appropriate disaster procedures to use in the disaster/safety drills and in the event of such a disaster.

In the case of a disaster, a safety procedure has been developed by the school board, administration, staff, state and local law enforcement agencies, and emergency personnel for the safety of our students.

Information concerning the tornado, fire, intruder, bomb threats, and earthquake drills will be given to parents during Open House and/or at the request of the parent if they did not attend.

In case of an emergency evacuation parents will be notified by phone where pick-up points will be located. Parents should keep their contact information up to date in the school office.

DISMISSAL OF SCHOOL/SCHOOL CLOSING

In the event of severe inclement weather or possible mechanical failure, school may be dismissed early or dismissed for the day. Parents are advised to monitor television stations KY3 and KOLR 10 in Springfield or local radio stations, such as KTTS (94.7) for school closings. These stations will be notified in the event of high water or inclement weather that would cause school to be dismissed early. The Lutie School District uses the *School Messenger* automated call system, which notifies patrons with an automated phone call. Calls can be made to the home phone or cellular phones; please let the office know which phone number(s) you would like us to call with our system.

DRESS CODE AND STUDENT DRESS:

Board Policy 2651 The Board of Education expects student dress and grooming to be neat, clean and in keeping with community standards, so that each student may share in promoting a positive, healthy and safe atmosphere within the School District. This expectation includes the school day and school sponsored extracurricular activities.

Students shall observe modes of dress and standards of personal grooming that are in conformity with the educational environment and necessary to maintain an orderly and safe atmosphere for all students.

Apparel is expected to conform to reasonable student standards of modesty, and as such, no excessive or inappropriate areas of skin or undergarments may be exposed. No apparel or grooming which presents a safety concern is permitted. The teacher will document the incident in Lumens for future reference if needed.
- Third Offense: Repeat steps one and two but add three laps in isolation to the ball field and back to think about what has been done incorrectly. Once laps have been completed the student will return to the teacher and explain their understanding of what they have done inappropriately and have a plan for moving forward. This will be documented in Lumens.
- Fourth Offense: Will be documented in Lumens and the student will be sent to the office.

DRUGS AND ALCOHOL

The Board recognizes its share of responsibility for the health, welfare, and safety of the students who attend the Lutie R-VI School District. Therefore, the use, sale, transfer, possession or being under the influence of alcoholic beverages or controlled substances on school property, on school-owned vehicles, personal vehicles while parked on school property, or any other school-approved vehicle used to transport students to and from school or school activities; or off school property at any school-sponsored or school-approved activity, event or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district, is prohibited.

In the absence of a physician's instructions, parental permission in writing is required for any student medication to be possessed or taken by the student while under the jurisdiction of the district.

The school administration or teachers shall have the right to conduct searches, which are reasonable in scope, of persons reasonably suspected to be in violation of this policy during or after school hours on school property, or at any school event, whether at the school or at some alternate location. All

The Guidance and Counseling program is intended to be an integral part of the school's total educational program. It is developmental by design and includes activities organized and implemented by the school counselor with the support of teachers, administrators, students, and parents/guardians.

The Guidance Program includes:

1. **Guidance Curriculum** - Consists of structured development experiences presented systematically through classroom and group activities. The purpose of the guidance curriculum is to provide students with knowledge of normal growth and development, to promote their positive mental health and to assist them in acquiring and using life skills.
2. **Individual Planning** - Activities which help all students plan, monitor, and manage their own learning as well as their personal and career development. Within this component, students evaluate their educational, occupational, and personal goals and plans. The activities are generally delivered on an individual basis, or by working with individuals in small groups, or advisement groups.
3. **Responsive Services** - Responsive services consist of activities to meet immediate needs and concerns of students, whether these needs or concerns require counseling, consultation, referral, or information. This component is available to all students and is often student initiated.

Students found to have violated this policy will be subject to suspension/expulsion from school and suspension and exclusion from activities/athletic participation depending on the severity of the misconduct.

Nonstudents who participate or enable the hazing of students may be excluded from attendance at school activities and school athletic events. District employees, including sponsors and coaches who have knowledge of student hazing but fail to take corrective action, will be subject to discipline up to and including termination.

The superintendent will provide appropriate training designed to assist staff, coaches, sponsors, and volunteers in identifying, preventing, and responding to incidents of hazing. Students who find it necessary to leave school during the school day (doctor or dental appointment, etc.) must provide a note, email, or a parent must check them out through the office. Even students who are 18 years of age are not allowed to leave the school property or check themselves out without parental/guardian contact and permission. After arriving, middle/high school students are to enter the building by the main office entrance. Loitering outside the school building will not be allowed. High School students should not be in the elementary hall. Absentee slips may be obtained from the school office. Once students arrive on campus by bus, personal vehicle, or parent/guardian's vehicle, they are not allowed to leave without permission from their parent/guardian. They will have to contact the office and sign their student out.

NURSE

Book cost will vary depending on the type.

Vandalism is everyone's problem. We ask everyone in our community to assist us in watching our school building and property and report any acts of vandalism, suspicion of planned acts, or information that will help apprehend anyone responsible for vandalizing school property. Let's keep our school safe and clean for our community.

SEARCH AND SEIZURE

PF 2150

School lockers and desks are the property of the Board of Education and are provided for the convenience of students, and as such, are subject to periodic inspection without notice, without student consent, and without a search warrant. The lockers and desks may be searched by school administrators or staff who have a reasonable suspicion that the lockers or desks contain drugs, alcohol, material of a disruptive nature, stolen properties, weapons, items posing a danger to the health or safety of students and school employees, or evidence of a violation of school policy. In addition, the Board of Education authorizes the use of trained dogs to sniff lockers or other school property to assist in the detection of the presence of drugs, explosives, and other contraband.

Students or student property may be searched based on reasonable suspicion of a violation of District rules, policy or state law. Reasonable suspicion must be based on facts known to the administration, credible information provided, or reasonable inference drawn from such facts or information. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses if such witnesses are available. Students may be asked to empty their pockets, remove jackets, coats, shoes, and other articles of exterior clothing for examination if reasonable under the circumstances.

No employee shall perform a strip search of any student. The exception to this would be if a school administrator reasonably believes that a student possesses a weapon, explosive, or substance that poses an imminent threat of physical harm to himself or herself or another person, and if a

commissioned law enforcement officer is not immediately available. Strip searches may be conducted by, or under the authority of, a commissioned law enforcement officer.

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains the authority to conduct routine patrols of the student parking lots. The interior of a student's automobile on school premises may be searched if a school administrator has reasonable suspicion to believe that illegal, unauthorized, or contraband items or evidence of a violation of school policy is contained inside the vehicle.

Law enforcement officials shall be contacted if the search produces a controlled substance, drug paraphernalia, weapons, stolen goods, or evidence of a crime, in any case involving a violation of law when a student refuses to allow a search, or where the search cannot safely be conducted. Parents may also be contacted. A student who refuses to submit to a search may be appropriately disciplined by school officials.

SEXTING POLICY

"Sexting" includes "sending, forwarding, displaying, retaining, storing or posting sexually explicit, lewd, indecent or pornographic photographs, images or messages by or on a cell phone, computer or other electronic means. Students may not possess, view, send, or share pictures or text having sexual content while the student is on school grounds, at school sponsored events or on school buses. This policy strictly prohibits sexual material in electronic or any other form and includes but is not limited to the sexual material contained in a cellular telephone, camera phone, or personal digital assistant and sexual material transmitted by text message, e-mail, or any electronic communication device.

SEXUAL HARASSMENT

Sexual harassment of students or employees by other students or employees of the same or opposite sex is strictly prohibited. This includes verbal or physical conduct of a sexual nature, imposed on the basis of sex that denies, limits, intimidates, or demeans another person with the effect of interfering with a person's performance in any school-related activity. Such conduct may include, but is not limited to any unwanted sexual behavior, such as touching, kissing, oral comments, sexual name calling, spreading sexual rumors, jokes, pictures, graffiti, leers, overly personal conversation, cornering or blocking movement, pulling at clothing, suggestive winking, whistling, sexual gestures, "cyber sexting", or gender directed derogatory comments. Students guilty of sexual harassment will be subject to measures according to the discipline code.

STUDENT IDENTIFICATION

All students will be issued an identification number that they will use to check out books in the library or when getting their breakfast and lunch. We would ask that students either memorize or have their identification number with them as they are going through the lunch line.

STUDENT SUICIDE AWARENESS AND PREVENTION POLICY (PRF 2785)

This policy and the accompanying regulation reflect the Lutie R-VI District's commitment to maintaining a safe environment to protect the health, safety and welfare of students. The corresponding regulation for this policy outlines key protocol and procedures for this District in educating employees and students on the actions and resources necessary to prevent suicide and to promote student well-being. (This policy is being adopted pursuant to Section 170.048, RSMo. This policy and corresponding regulation will go into effect no later than July 1, 2018.)

The district will address suicide awareness and prevention through the following policy components:

1. Crisis response team
2. Crisis response procedures
3. Procedures for parent involvement
4. Community resources available to students, parents, patrons and employees
5. Responding to suicidal behavior or death by suicide in the school community
6. Suicide prevention and response protocol education for staff
7. Suicide prevention education for students
8. Publication of policy
- 9.

Crisis Response Team: The Lutie R-VI District has a CRT that includes administrators, counselor, school nurse, and teachers that will implement the crisis response procedures.

Crisis Response Procedures: Students with suicidal behaviors are not confidential and may be revealed to the student's parents/guardians, school personnel and/or other appropriate authority when the health, welfare or safety of the student is at risk. When any school employee has reasonable belief that a student may be at risk or witness any attempt towards a student self-injury, they will notify a member of the CRT or administration. Parents/guardians will be notified, the National Suicide Prevention Lifeline (800-273-8255) will be called, and local law enforcement will be notified of an emergency.

The following steps will be implemented: Locate the student, the student will not be left alone unless it is determined that there is no longer a risk of suicide. Parents/guardians will be notified. CRT will conduct a risk assessment. Emergency services will be called. Meeting and safety plan for students will be implemented with all teams involved and parents/guardians.

Parents/Guardian Involvement: Parents/guardians will be contacted when their child is exhibiting suicidal behaviors. A support system will be put into place for the student at risk. Available local resources will be given to parents/guardians and students at risk as well as information for the Department of Mental Health. (<http://dmh.mo.gov/mentalillness/suicide/prevention.html>)

Suicide Prevention and Response Protocol Education for Staff: All Lutie R-VI District employees will receive and attend professional development concerning all areas of suicide and suicide prevention, awareness, interventions, and response protocols.

Suicide Prevention Education for Students: All students will receive age-appropriate information and instruction on suicide awareness and prevention in grades 5 – 12. This information and instruction may be offered through their health education classes, by the school counselor and/or in another classroom curriculum as may be appropriate.

Publication of Policy: This is the Lutie R-VI School District's notification for students and parents of this Student Suicide Awareness Policy. (PRF 2785) This policy will also be able to be found on the school's website at lutieschool.com.

TARDINESS

Students are expected to be in class, in their seats, and ready with their class materials when the tardy bell rings. Failure to do so is considered as a tardy. Students that are tardy to any period will be required to check in at the office before they can go to class. Tardy records are kept for discipline purposes by quarter and are not removed from their discipline records. When a student is late for school or leaves school early, the minutes of class that they miss will be counted toward their minutes of absences. Refer to Discipline Code for penalties for tardiness.

THREATENING BEHAVIOR/THREATS

The Lutie R-VI School District is committed to keeping the students, visitors, and staff of the Lutie R-VI school district safe from violence. To help protect our students, visitors, and staff we ask that all parents, students, and staff report all apparent threats and threatening or disturbing behavior to proper school officials as soon as possible after hearing a threat. Anyone reporting a threat or threatening situation will be treated with respect and any information they give will be closely guarded to provide for the confidentiality of the person reporting. All threats against students, staff, or visitors will be taken seriously and may be referred to local law enforcement. See Discipline Code Policy.

TOBACCO USE/POSSESSION

P2640: The Board of Education believes that smoking, the use of any tobacco products, and substances appearing to be tobacco products are detrimental to the health and well-being of staff and students. Therefore, the Board prohibits the use, sale, transfer and possession of tobacco products and substances appearing to be tobacco products, i.e. e-cigarettes, vaping paraphernalia, at school and at school activities. This prohibition includes electronic cigarettes, vaping and similar objects used in conjunction with vaping.

Students are not permitted to use or possess any tobacco, tobacco related products, e cigarettes and/or vapor cigarettes on school grounds, premises, or at school activities and /or events. A student caught with any tobacco, tobacco related products, or e/vapor cigarettes in his/her possession will surrender it to the school authorities upon request. The items will not be returned to students or parents but will be disposed of. Refer to Discipline Code for penalties for tobacco use or possession.

TRIPS AND SCHOOL EVENTS

School sponsored trips are a privilege not a right. Teachers, sponsors, and administration will determine who is eligible for school activities and school trips. School sponsored trips feature the same rules and regulations as those on the school grounds. Rules such as use of tobacco, dress code, language, and student conduct, shall be the same for school-sponsored trips as during school hours.

VISITORS

Parents and patrons are welcome and encouraged to visit our school, especially during special activities, assemblies, and extracurricular activities; however, all visitors must register with the office if they come during school hours before they can visit in the building. No student-aged visitors are allowed during the school day. Students are not allowed to have guests attending classes. Visitors will not be allowed to interrupt a class in session.

WEAPONS/FIREARMS IN SCHOOL

The possession or use of a weapon by any person, except where authorized by law, shall be prohibited in the school building, on or about school grounds, and at all school activities. This is in Violation of the Safe School Act.

No pocketknives (as defined in MO State Statute 571.010) are allowed on campus.

Violators of this policy may be referred to the appropriate legal authorities. In addition, any student who violates this policy will be subject to suspension and/or expulsion from school.

In accordance with federal law, any student who brings or possesses a firearm (as defined in 18 U.S.C. 921) on school property will be suspended from school for at least one calendar year. This suspension may be modified on a case-by-case basis upon recommendation by the superintendent to the Board of Education. The district abides by the Safe Schools Act of Missouri.

The Board of Education has shown support for House Bill 207 (holding parents responsible for damage done by their dependents to public buildings and equipment). Any student found with explosives in their possession or lockers which pose a danger to persons or property or a threat to disrupting the academic process shall be removed immediately from school premises and a notice and hearing shall follow as soon as practical thereafter.

WELLNESS POLICY

STUDENT CONDUCT AND DISCIPLINARY GOALS

Goals of the Lutie Educational Program include the development of student mental abilities through a sound educational program, as well as encouraging growth in responsibility and independence, which are characteristics of a mature person in today's society. For such a development to take place, an orderly atmosphere is essential.

Student's responsibilities are as follows:

1. To develop a constant respect for themselves and others within the school community whether they are other students, teachers, staff members, visitors, etc.
2. To exhibit appropriate, refined, and courteous behavior that enhances rather than detracts from the school experience.
3. To display behavior that promotes an atmosphere conducive to learning. **Hitting, shoving, name calling, talking back to teacher/staff, teasing, taking or destroying other's property, bullying, and sexual harassment, are examples of inappropriate and unacceptable behavior.**

GENERAL INFORMATION COMPLAINT/GRIEVANCE PROCEDURES

The Board recognizes that situations of concern to parents/guardians or the public may arise in the operation of the district. Such concerns are best resolved by addressing them at the level where the concern originated through communication with the appropriate staff members. The administration has developed procedures for addressing those issues, copies of which are available at each building. Any concern regarding federal programs administered by the Missouri Department of Elementary and Secondary Education (DESE) may also be appealed to DESE or the United States Department of Education as permitted or required by law.

If a complaint has been made and appealed in accordance with administrative procedures, the parent/guardian or member of the public may appeal the issue to the Board by submitting a written request to the superintendent or the secretary of the Board. The Board will address the complaint in an appropriate and timely manner.

The following steps are to be followed by parents/guardians or the public when questions or complaints arise regarding the operation of the school district or federal programs administered by the Department of Elementary and Secondary Education (DESE) that cannot be addressed through other established procedures.

1. Complaints on behalf of individual students should first be addressed to the teacher or employee involved.
2. Unsettled matters from (1) above or problems and questions concerning individual schools should be presented in writing to the principal of the school. The principal will provide a written response to the individual raising the concern within five business days of receiving the complaint or concern.
3. Unsettled matters from (2) above or problems and questions concerning the school district should be presented in writing to the superintendent. The superintendent will provide a written response to the individual voicing their concern within five business days of receiving the complaint or concern.
4. If the matter cannot be settled satisfactorily by the superintendent, it may be brought to the Board of Education. Written comments submitted to the superintendent, or the secretary of the Board, will be brought to the attention of the entire Board. The Board will address each concern or complaint in an appropriate and timely manner.

The decision of the Board shall be final except in the case of complaints concerning the administration of federal programs. In that case the complainant may go to the appropriate section of DESE and from there on to the United States Secretary of Education. The Board considers it the obligation of the professional and support staff of the district to field the questions of parents/guardians or the public. Accordingly, the district will inform patrons of this complaint procedure and its availability. Complaints regarding district compliance with nondiscrimination laws according to policy. Employee grievances will be processed in accordance with the established employee grievance procedure or as otherwise required by law. ASBESTOS HAZARD EMERGENCY RESPONSE ACT

In 1986, President Reagan signed into law the Asbestos Hazard Emergency Response Act (AHERA, Public Law 99-519). The law required EPA to develop regulations which provide a comprehensive framework for addressing asbestos problems in public and private elementary and secondary schools. In 1987 the EPA published Asbestos-Containing Materials in Schools Rule (40 CFR Part 763 subpart E). This New Rule requires all public and private elementary and secondary schools to inspect for friable and non-friable asbestos develop asbestos management plans that address asbestos hazards in school buildings and implement response actions in a timely fashion. This rule became effective December 14, 1987.

The Lutie R-VI School District has conducted complete inspections on our buildings and sites to ensure that our buildings are safe for our students and staff. Inspections are completed yearly by our custodial and maintenance staff and by MUSIC's (Missouri United School Insurance Council) inspection specialist. The person in the district trained to oversee asbestos activities and ensure compliance is the superintendent, Ms. Kathalee Cole. As required in the Rule, the superintendent is the single contact for the public to obtain information about asbestos-related activities in the district.

STUDENT PARTICIPATION IN STATEWIDE ASSESSMENTS

The district will use assessments as one indication of the success and quality of the district's education program. In cooperation with the administrative and instructional staff, the Board will regularly review student performance data and use this information to evaluate the effectiveness of the district's instructional programs, making adjustments as necessary. In order to achieve the purposes of the student assessment program, the district requires all enrolled students to participate in all applicable aspects of the assessment program.

The district will implement the components of the Missouri Assessment Program (MAP) in order to monitor the progress of all students in meeting the standards adopted by the Missouri State Board of Education. End-of-course (EOC) assessments will be administered in accordance with law and the rules of the Department of Elementary and Secondary Education (DESE). In courses where EOC assessments are given, the superintendent will determine what percent of the course grade will be decided by performance on EOC assessments. If a student is taking a course that requires an EOC assessment and is failing the course or for some other reason they may be required to retake the course, the district may choose to delay administration of the EOC assessment until the student has completed the course the second time. A team consisting of the course instructor, the principal, and a counselor will determine when delayed administration of an EOC assessment is appropriate. In the case of a student with an individualized education program (IEP), the IEP team will make the determination.

Parental Information and Resource Center (PIRC)

The Parental Information and Resource Center (PIRC) program is funded by the US Department of Education, Office of Innovation and Improvement, established to provide training, information, and support to parents and individuals who work with local parents, districts, and schools that receive Title I.A funds. PIRCs provide both regional and statewide services and disseminate information to parents on a statewide basis.

PIRCs help implement successful and effective parental involvement policies, programs, and activities that lead to improvements in student academic achievement, and that strengthen partnerships among parents, teachers, principals, administrators, and other school personnel in meeting the education needs of children; and to assist parents to communicate effectively with teachers, principals, counselors, administrators, and other school personnel.

The recipients of PIRC grants are required to: serve both rural and urban areas, use at least half their funds to serve areas with high concentrations of low-income children, and use at least 30 percent of the funds they receive for early childhood parent program. Establish, expand, or operate early childhood parent education programs and typically engage in a variety of technical assistance activities designed to improve student academic achievement, including understanding the accountability systems in the state and school districts being served by a project. Specific activities often include helping parents to understand the data that accountability systems make available to parents and the significance of that data for such things as opportunities for supplemental services and public-school choice afforded to their children attending buildings in school improvement.

PIRCs generally develop resource materials and provide information about high quality family involvement programs to families, schools, school districts, and others through conferences, workshops, and dissemination of materials. Projects generally include a focus on serving parents of low-income, minority, and limited English proficient (LEP) children enrolled in elementary and secondary schools.

Missouri has two PIRCs – one in St. Louis and one in Springfield. For service and contact information, go to their website at <http://www.nationalpirc.org/directory/MO-32.htm>

The Missouri Department of Elementary and Secondary Education's Trauma-Informed Schools Initiative to parents/guardians is available at <https://dese.mo.gov/traumainformed>
Also, please contact the school counselor, Kathalee Cole for more information concerning resources available for Trauma in our community and area.
