

**Insight Transportation Consulting Inc. (Insight)** is pleased to offer an exciting opportunity to qualified candidates to join our practice as a Senior Project Manager. This position provides ample opportunity to an up-and-coming industry leader who wants to get into leadership roles and leave their mark in the transportation planning field. We are flexible in the office location.

The Senior Project Manager will have the opportunity to lead and grow a team on projects involving transportation planning, travel demand modeling, and transit and traffic forecasting. As a small firm, we are uniquely suited to providing ample opportunities for career development along with the best work-life balance.

## Why Join Insight?

At Insight, we are committed to empowering our team members to excel in their careers while maintaining a healthy work-life balance. As a nationally recognized firm specializing in travel demand modeling, transit planning, and transportation forecasting, we pride ourselves on delivering innovative, data-driven solutions. Our employee-focused culture ensures career growth, a supportive work-life balance, and top-notch benefits. At Insight, you'll thrive in a collaborative environment and have the chance to shape your career and the field of transportation.

## What You'll Do

As a Senior Project Manager, your key responsibilities will include:

- Leading and managing multiple transportation planning projects, ensuring they stay on schedule, within scope, and under budget.
- Developing, calibrating, and applying advanced technical tools to guide client decisions.
- Building client relationships and delivering exceptional results.
- Mentoring and developing junior staff, fostering their professional growth.
- Presenting technical findings and recommendations to clients and stakeholders in clear, accessible language.
- Driving business development efforts, including leading proposal writing and identifying new opportunities.
- Innovating new analytical tools and methods to advance the transportation planning field.

## What We're Looking for in a Candidate

- A Bachelor's or Master's degree in engineering, urban planning, economics, applied mathematics, or a related field.
- 10+ years of experience in transportation planning or a closely related field.
- Proficiency with one or more software packages, such as Cube/TP+, TransCAD, EMME, VISUM, STOPS, ArcGIS/QGIS, or SPSS.
- Familiarity with programming or scripting languages like R, Python, C/C++, SQL, Java, FORTRAN, or VBA.
- Strong problem-solving and analytical skills with the ability to explain complex concepts clearly.
- Proven experience managing tasks, teams, and strict deadlines.
- Willingness to travel occasionally for business and marketing purposes.
- Excellent written and verbal communication skills.

---

## About Us

Insight is a transportation planning firm that empowers clients with innovative, data-driven solutions to tackle today's most pressing challenges. From transit agencies to government organizations, our clients rely on our expertise to shape the future of transportation.

We value and invest in our employees. Our benefits include:

- Highly competitive salaries and financial incentives.
- Fully employer-paid comprehensive health insurance.
- Immediately vested 401(k) contributions.
- Flexible work schedules and remote options.
- Generous paid time off, including 12 holidays.
- Employer-paid professional development opportunities.
- A supportive, collaborative work environment that prioritizes work-life balance.

## How to Apply

Email your cover letter and resume to Ashutosh Kumar at [ashu.kumar@insightcinc.com](mailto:ashu.kumar@insightcinc.com).

Join a team where your ideas are valued, your growth is prioritized, and your work leaves a lasting impact on the transportation landscape.
