THE PEOPLE BEHIND THE WORK

Meet the Owners

LANCE HORNER

CO-OWNER

With 30 years of construction experience, Lance believes building is about more than completing a project—it is about earning trust, forming lasting relationships, and doing work the right way. As co-owner of Buffalo Ridge Construction, he brings a strong commitment to quality workmanship, honest communication, and serving every client with care.

Lance and his wife, Beth, have been married for 16 years and share a large, growing family that includes six children, two daughters-in-law, one son-in-law, three grandchildren, and another grandbaby on the way. He is deeply involved in his church and local community, reflecting the same values of faith, family, service, and integrity that guide Buffalo Ridge Construction.

LUIS GARDEA

CO-OWNER

Luis brings 15 years of construction experience and a genuine passion for watching a project transform from an idea into a finished space. He values consistent communication with customers and believes that keeping clients informed is essential to a smooth, successful construction experience.

Luis has been married to his wife, Stephanie, for one year. He is heavily involved in his church and community, and he brings that same spirit of service, reliability, and personal connection to every Buffalo Ridge Construction project.

ONE TEAM. ONE STANDARD.

How We Bring a Project to Life

Our team approaches every project with respect for your property, your vision, and the investment you are making.

01

LISTEN & PLAN

We begin by understanding your goals, priorities, style, and budget.

02

COMMUNICATE

You receive clear updates and straightforward answers throughout the project.

03

BUILD WITH CARE

Our team works carefully, responsibly, and with close attention to detail.

04

FINISH STRONG

We review the completed work and make sure the details meet our standards.

SELECTED WORK

SPACES DESIGNED FOR THE WAY YOU LIVE

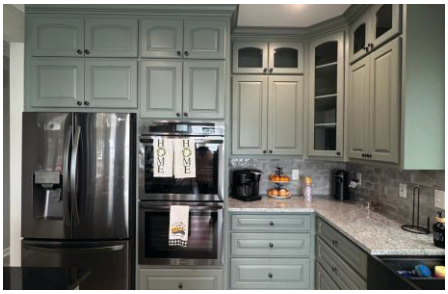

Kitchens with Character

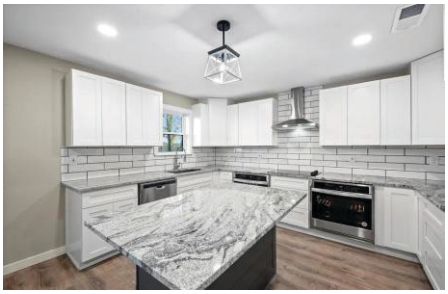

From custom cabinetry and statement islands to lighting, tile, and carefully finished details, every kitchen is shaped around the home and the people who gather there.
