

Primary and Secondary Schools

Chingele, Zimbabwe

Chingele is a rural village in Zimbabwe. Nearest major city is Chiridzi about an hours drive away in ideal conditions. The majority of the people in this rural area do not have electricity and their water is gathered by buckets from various bore holes (wells) in the area. It's a farming community and the welfare of the people is very much dependent on the how well crops and livestock thrive or not.

Chingele has a primary and secondary school. Some students walk more than an hour to and from the schools everyday. If they arrive without the proper shoes on or if their family has not paid school fees, they are turned around to go home.

If you are interested in donating physical materials and/or funds for the school or are interested in sponsoring school fees for a child, please send us an email at info@rihanyoinitiative.co.za or click the message button on the bottom of this page.
