

GOVERNMENT OF CANADA

List of COVID -19 related financial / income support provided by Government

COVID-19 benefits and services

Benefits to help Canadians and businesses facing hardship as a result of the global COVID-19 outbreak.

The Government of Canada has taken significant steps to provide help and support to Canadians workers and business owners who have lost income as a result of COVID -19.

As the situation with the pandemic continues to evolve, many of us continue to struggle with its financial impact. In light of this, both the federal and provincial governments have implemented various income support benefits and programs to help those impacted financially during these trying times.

This page highlights key information along with links with regards to income support benefits available to those affected by COVID-19 and other related subjects, in detail.
