Rave Reviews

"I would recommend John Tudor without hesitation to any organization that asked. He was very professional, very accommodating, and very entertaining. John arrived early and stayed late; he worked well with the hotel staff, the casino staff and our emcee; he involved the crowd and his show was appropriate for the time of day and the professional crowd attending."

- Susan Longshore, Essex Homes

"John is a 'Class Act' and goes far beyond the usual magician's capabilities. Thanks for a tremendous performance and a professional approach."

-Peter Burroughs, Coca Cola

"We have booked The Magic of John Tudor a dozen times over the past 5 years. We presented his full show in a 800 seat theatre with full lighting and sound, it was terrific! Especially great with kids. We also use him for festivals, donor receptions, and fundraisers. He can work in virtually any setting, with any audience, is funny and his magic tricks are dazzling. Easy to work with, understands the business and will make your event memorable."
