

Introducing

Under The Horizon's

Formed

An Outreach Effort to Instill Hope and Faith
Through Clay and Fellowship

Donation-based Pottery Class

Taught by professional potters who have a unique perspective, and understanding, of the numerous mentions in the Bible about the Master Potter and clay.

The Formed Outreach aims to instill hope and faith through the forming of clay and community.

Each pottery class will be based on one of the references to the Potter and the Clay in the Bible.

Those who will benefit most from this outreach are:

*Over the age of 12 *Are working through a stressful time *Desire a faith-filled loving community *Desire to support outreach programming *No clay/art experience is needed.

Registration is required.

The program is free to attendees, however; it is supported by donations. A donation jar and QR code, of online donations, will be placed at each event. Thank you in advance for your donation to our outreach.

Limited Seating. To register, please visit the Shop Page at UnderTheHorizon.net.

As clay prep takes time, and for the respect of our teachers, please reserve your place by the required deadline. See the event description for all the details.

For respect of others, we kindly ask that you reserve your place only if you are going to attend.

Projects will be completed the night of the event. Should the project require pick-up, they will be ready within 3 to 4 weeks and will be held for up to 1 month for pick-up.
