

Keeping yourself safe

Upon arrival, you will be made aware of, and must adhere to, the relevant school policies and procedures, including, but not limited to:

- Health and Safety Policy
- Child Protection and Safeguarding Policy

Whilst on site, you must always remain professional, especially if you are a volunteer, trainee or on work experience. Please be aware that you may be escorted or supervised throughout your visit.

Always be aware of how you speak to a child – they may interpret jokes or compliments differently. Avoid physical contact and do not make racist, homophobic or sexualised comments.

You should avoid being alone with a child; however, if your duties require you to be alone with a child, always ensure that a desk is between you, the door is open, or you can be seen so that you are visible to others.

If a child touches or speaks to you inappropriately, you must tell the **Head of School** and ensure you record the date and time of the incident.

Where a child has told you that they are being harmed, you must not question the child and must report the incident to the DSL immediately.

Only trained staff should question a child who has said they are being harmed.

You must never share contact details with a child or arrange to meet them outside of school hours.

Children should not be contacted through social media and you should not discuss the school, its teachers or its pupils across such platforms.

Taking photographs or recording videos is not permitted unless consent has been granted by the Interim Head of School for the relevant school activity.

MIDDLE STREET PRIMARY SCHOOL

Child Protection and Safeguarding Guide for Visitors 2025– 2026

We are committed to protecting our children from harm and safeguarding their welfare both in and out of school. To ensure this, we ask that all staff, volunteers and visitors share this commitment too.

This leaflet contains information about our expectations while you are visiting us. If you have questions about these arrangements, please speak to any of the named contacts included on the reverse side of this leaflet.

Please be advised that this leaflet covers topics that may be sensitive in nature.

Visitor Procedures

All visitors, including trainee teachers, volunteers, parents, and those on work experience, must:

- Immediately report to the school office on arrival.
- Provide their details to the relevant staff, including their name, the purpose of the visit, the name of the pupil the visit affects and/or the name of the staff member who arranged the visit.
- Sign in using the electronic screen and wait for a badge to be printed.
- Display the printed ID badge provided at all times whilst on the school premises.
- Return the ID badge to the school office before departure and sign out on the electronic screen.

All visitors will be made aware of the relevant school policies, including those in relation to health and safety, reporting a concern and emergency procedures.

Types of Harm

The following is a list of possible forms of harm that children can face:

Physical abuse – a child suffers physical harm or injury, e.g. bruises and cuts.

Emotional abuse – a child receives emotional maltreatment which causes adverse effects on their development, e.g. being told they are worthless.

Sexual abuse – a child is forced or enticed into taking part in sexual activities, whether or not they are aware of what is happening. Indicators may include the use of sexual language or not wishing to be alone with someone in particular.

Neglect – a child's basic physical and/or psychological needs are consistently not met, resulting in serious impairment of their health or development, e.g. by providing inadequate amounts of food. A child may appear tired or malnourished.

Child sexual exploitation (CSE) and child criminal exploitation (CCE) – a child is subject to a form of abuse where an individual or group takes advantage of, or manipulates, a child into sexual or criminal activity, in exchange for something the victim wants or needs. An indicator may be that the child has unexplained new items or presents.

Peer-on-peer abuse – peer-on-peer abuse can involve physical abuse, CSE, CCE, serious youth violence, and harmful sexual behaviour between children and their peers.

Reporting Concerns

You must inform the school's designated safeguarding lead (DSL) if you are worried about:

- Something a child says.
- Marks or bruising on a child.
- A child's behaviour, or changes to their behaviour.

Our DSL is Rachel Kershaw – Interim Executive Headteacher.

If a child discloses that they are being harmed you must:

- React calmly.
- Listen carefully.
- Not promise confidentiality; explain that you may need to tell somebody if the child's safety is at risk.
- Not question the child further – this should be done by somebody who is trained to investigate.
- Reassure the child that they have done the right thing.
- Take a record of what the child has said, including the date, time and how and when the information was received. This information must be passed to the DSL immediately.

Should you have concerns about the conduct of a member of staff following an observation or disclosure, you must immediately inform the Interim Executive Headteacher or, in their absence or if the concern regards them, the Interim Head of School.
