DATE _____

AMENDMENT TO

CATEGORICAL EXCLUSION DETERMINATION

FOR THE PROPOSED

PROJECT IN BUFFALO GAP, SOUTH DAKOTA

The South Dakota Department of Agriculture and Natural Resources (DANR) issued a Categorical Exclusion (CATEX) published April 19, 2023, for a proposed project from the town of Buffalo Gap located in Custer County to make improvements to their drinking water distribution system. The CATEX is being amended to reflect additional funding to the town of Buffalo Gap that was provided by DANR to complete the project. Phase 2 of the project was included in the Phase 1 review.

The town of Buffalo Gap is proposing to complete phase 2 of replacing all the water mains throughout Buffalo Gap with 6-inch PVC pipe. These improvements will also give the town the opportunity to buy bulk water from Fall River Water Users District.

In September of 2022 the town of Buffalo Gap was awarded a \$1,147,000 Drinking Water State Revolving Fund (SRF) loan (0.0 percent – 30 years) with principal forgiveness at 73.8 percent, not to exceed \$846,000. Repayment of the SRF loan will be from water surcharge revenues. This funding covered phase I of the project, additional funding is required to complete phase II.

On March 27, 2025, the town of Buffalo Gap was awarded a \$1,314,000 Drinking Water State Revolving Fund (SRF) loan (3.00 percent – 30 years) with principal forgiveness at 74.5 percent, not to exceed \$978,000. The repayment source for this loan will be with a project surcharge of \$17.00. Current water usage rates, based on 5,000 gallons, are \$57.00 per month.

Comments supporting or disagreeing with this decision may be submitted for consideration by DANR to DANRmail@state.sd.us after publication of the Categorical Exclusion Determination. After evaluating the comments received, DANR will make a final decision.

for the purpose of providing water and water supply for domestic, municipal, together with extensions, additions, and necessary appurtenances; and,
WHEREAS, a municipality is authorized by Section 6 of the Act to issue revenue bonds to defray the cost of extensions, additions and improvements to any utility previously owned without pledging its credit and is authorized to pledge the net income or revenues from the Project in accordance with Section 15 of the Act; and,
WHEREAS, the Town of Buffalo Gap (the "Town") currently operates a water distribution system to supply municipal, industrial and domestic water to its inhabitants and has determined that improvements to the drinking water facilities are necessary for the conduct of its governmental programs and qualifies as an improvement, extension or addition to its drinking water system; and,
WHEREAS, the Town has determined to issue its revenue bonds to finance the improvements to its system of waterworks for the purpose of providing water and water supply for domestic, municipal, and industrial purposes (the "System") and has applied to the South Dakota Conservancy District (the "District") for a Drinking Water State Revolving Fund Loan to finance the improvements;
WHEREAS, the Town shall adopt special rates or surcharges for the improvements to be pledged, segregated and used for the payment of the Bonds.

NOW THEREFORE BE IT RESOLVED by the Town as follows:

SECTION 1. Definitions. The terms when used in this Resolution shall have the following meanings set forth in this section unless the context clearly requires otherwise. All terms used in this Resolution which are not defined herein shall have the meanings assigned to them in the Loan Agreement unless the context clearly otherwise requires.

"Act" means South Dakota Codified Laws Chapter 9-40.

"Loan" means the Loan made by the South Dakota Conservancy District to the Town pursuant to the terms of the Loan Agreement and as evidenced by the Revenue Bond.

"Project" means the Town of Buffalo Gap Phase 2-Cast Iron Pipe and 4-inch distribution line replacement Project.

"Revenue Bond" means the revenue bond or bonds issued the date of the Loan Agreement by the Town to the South Dakota Conservancy District to evidence the Town's obligation to repay the principal of and pay interest and Administrative Expense Surcharge on the Loan.

SECTION 2. Declaration of Necessity and Findings.

2.1. Declaration of Necessity. The Town hereby declares and determines it is necessary to construct and finance improvements to its drinking water facilities within its System described as the Project.

2.2. Findings. The Town does hereby find as follows:

2.2.1. The Town hereby expressly finds that if the Project is not undertaken, the System will pose a health hazard to the Town and its inhabitants, and will make the Town unable to comply with state and federal law.

2.2.2. Because of the functional interdependence of the various portions of the System, the fact that the System may not lawfully operate unless it complies with State and federal laws, including SDCL Chapter 34A-3A, and the federal Safe Drinking Water Act, and the nature of the improvements financed, the Town hereby finds and determines

that the Project will substantially benefit the entire System and all of its users within the meaning of Sections 15 and 17 of the Act.

2.2.3. The Town hereby determines and finds that for the purposes of the Act, including, in particular, Sections 15 and 17 of the Act, that only the net income from the Project financed by the Revenue Bond be pledged for its payment.

SECTION 3. Authorization of Loan, Pledge of Revenue and Security.

3.1. Authorization of Loan. The Town hereby determines and declares it necessary to finance up to \$1,314,000 of the costs of the Project through the issuance of bonds payable from the revenue of the Project and other funds secured by the Town. The Town hereby determines that because the Revenue Bond is issued in connection with a financing agreement described in SDCL 46A-I-49, pursuant to Section 15 of the Act no election is required to issue the Revenue Bond.

3.2. Approval of Loan Agreement. The execution and delivery of the Revenue Obligation Loan Agreement (the "Loan Agreement"), the form of which is on file with the Town Finance Officer (the "Finance Officer") and open to public inspection, between the Town as Borrower and the District, is hereby in all respects authorized, approved and confirmed, and the President and Finance Officer are hereby authorized and directed to execute and deliver the Loan Agreement in the form and content attached hereto, with such changes as the Attorney for the Town deems appropriate and approves, for and on behalf of the Town. The President and Finance Officer are hereby further authorized and directed to implement and perform the covenants and obligations of the Town set forth in or required by the Loan Agreement. The Loan Agreement herein referred to and made apart of this Resolution is on file in the office of the Finance Officer and is available for inspection by any interested party.

3.3. Approval of Revenue Bond. The issuance of a revenue bond in a principal amount not to exceed \$1,314,000 as determined according to the Loan Agreement in the form and content set forth in Appendix B attached to the form of Loan Agreement (the "Revenue Bond") shall be and the same is, in all respects, hereby authorized, approved, and confirmed and the President, Finance Officer, and other appropriate officials shall be and are hereby authorized and directed to execute and seal the Revenue Bond and deliver the Revenue Bond to the District, for and on behalf of the Town, upon receipt of the purchase price, and to use the proceeds thereof in the manner set forth in the Loan Agreement. The President and Finance Officer are hereby authorized to approve the final terms of the Revenue Bond and their execution and delivery thereof shall evidence that approval. The Revenue Bond shall be issued under the authority of SDCL Chapter 9-40 and SDCL Chapter 6-8B, and the provisions of the Act are hereby expressly incorporated herein as provided in Section 19 of the Act.

3.4. Pledge of Revenues. The Revenue Bond together with the interest thereon, shall not constitute a charge against the Town's general credit or taxing power, but shall be a limited obligation of the Town payable solely out of the Project Debt Service Account, which payments, revenues and receipts are hereby and in the Loan Agreement pledged and assigned for the equal and ratable payments of the Revenue Bond and shall be used for no other purpose than to pay the principal, interest and Administrative Surcharge on the Revenue Bond, except as may be otherwise expressly authorized in the Loan Agreement (including the purpose of securing Additional Bonds issued as permitted by the terms thereof). The Town covenants and agrees to charge rates for all

services from the Project or establish special charges or surcharges which will be sufficient to provide for the payments upon the Revenue Bond issued hereunder as and when the same become due, and as may be necessary to provide for the operation and maintenance and repairs of the Project, and depreciation, and the Rate Resolution shall be revised from time to time so as to produce these amounts. The Town hereby reserves the right to determine on a periodic basis the appropriate allocation of operation and maintenance expenses, depreciation, repair and reserves associated with the facilities financed with the Revenue Bond, provided that such determination of allocable operation and maintenance expenses shall in no event abrogate, abridge or otherwise contravene the covenant of the Town set forth in this Section 3 or any other covenant or agreement in the Loan Agreement.

SECTION 4. Special Charge or Surcharge for Revenue Bond. The Town does hereby create the Revenue Bond Special-Surcharge District (the "surcharge District") which shall include all users which benefit from the Project. There shall be charged a special charge or surcharge pursuant to Section 15 of the Act for the services provided by Project financed by the Revenue Bond. The special charge or surcharge shall be segregated from other revenues of the System and shall be used for the payment of the Revenue Bond. The special charge or surcharge shall create net income, remaining from time to time after first paying all reasonable and current expenses of maintenance, repairs, replacements and operation, sufficient to fund interest, reserve and debt service fund annual requirements and shall be 110% of the debt service requirements on the Revenue Bond.

4.1. Rates and collection. The rate herein specific will be collected as a special charge or surcharge for the Project. This special charge or surcharge shall remain in effect until such time as the Revenue Bond is defeased or paid in full.

4.2. Initial Surcharge. The initial special charge or surcharge shall be set by resolution and collected at the same time as other charges of the utility. All users within the Surcharge District which benefit from the Project, current and future, shall be charged the special charge or surcharge. The special charge or surcharge is found to be equitable for the services provided by the Project. The special charge or surcharge shall begin at such time as will produce sufficient revenue to pay principal, interest and Administrative Surcharge on the Revenue Bond when due.

4.3. Segregation. The Finance Officer shall set up bookkeeping accounts in accordance with South Dakota Legislative Audit guidelines for the segregation of the revenue, special charges and surcharges.

4.4. Periodic review. The amount of the surcharge shall be reviewed from time to time, not less than yearly, and shall be modified in order to produce such funds as are necessary and required to comply with the Loan Agreement's rate covenant and to pay principal of, interest and Administrative Surcharge on the Revenue Bond when due. The surcharge may be set by resolution in accordance with this Section. The rate resolution shall be necessary for the support of government and shall be effective upon passage.

SECTION 5. Additional Bonds. As permitted by Sections 8 and 9 of the Act, Additional Bonds payable from revenues and income of the System or Project may be issued, as permitted in the Loan Agreement, and no provision of this Resolution shall have the effect of restricting the issuance of, or impairing the lien of, such additional parity bonds with respect to the net revenues or income from the extensions, additions or

improvements. The Town shall have the right to issue additional bonds secured by a lien subordinate to the lien from the Revenue Bond pursuant to the Loan Agreement.

SECTION 6. Project Fund Accounts. For the purpose of application and proper allocation of the income of the Project and to secure the payment of principal, Administrative Surcharge and interest on the Revenue Bond, the following mandatory asset segregations shall be included in the water system account of the Town and shall be used solely for the following respective purposes until payment in full of the principal, interest and Administrative Surcharge on the Revenue Bond:

6.1. Project Revenue Account. There shall be deposited periodically into the Project Revenue Account the net revenues as defined in Section 17 of the Act derived from the operation of the Project collected pursuant to the resolutions and ordinances of the Town of Buffalo Gap, South Dakota (collectively the "Rate Resolution"). Moneys from the Project Revenue Account shall be transferred periodically into separate funds and accounts as provided below.

The amount set aside monthly shall be not less than one-third of the total principal, interest, and Administrative Surcharge payable on the following February 15, May 15, August 15 or November 15 and if there shall be any deficiency in the amount previously set aside, then the amount of such deficiency shall be added to the current requirement.

6.3. Depreciation Account. There shall be established a General Depreciation Account. Out of the revenues of the Project Revenue Account there shall be set aside each month into the General Depreciation Account an amount determined by the Board of Trustees to be a proper and adequate amount for repair and depreciation of the Project.

6.4. Project Surplus Account. There shall be established the Project Surplus Account. Revenues remaining in the Project Revenue Account at the end of any fiscal year after all periodic transfers have been made therefrom as above required, shall be deemed to be surplus and shall be transferred to the Project Surplus Account. If at any time there shall exist any default in making any periodic transfer to the Project Debt Service Account, the Board of Trustees shall authorize the Town Finance Officer to rectify such default so far as possible by the transfer of money from the Project Surplus Account. If any such default shall exist as to more than one account or fund at any time, then such transfer shall be made in the order such funds and accounts are listed above.

When not required to restore a current deficiency in the Project Debt Service Account, moneys in the Project Surplus Account from time to time may be used for any of the following purposes and not otherwise:

(a) To redeem and prepay the Revenue Bond when and as such Revenue Bond becomes prepayable according to its terms;

(b) To pay for repairs of or for the construction and installation of improvements or additions to the System; and, if the balances in the Project Debt Service Account and the Project Depreciation Account are sufficient to meet all payments required or reasonably anticipated to be made there from prior to the end of the then current fiscal

year, then:

(c) To be held as a reserve for redemption and prepayment of any bonds of the System which are not then but will later be prepayable according to their terms; or

(d) To be used for any other authorized municipal purpose designated by the Board of Trustees.

(e) No moneys shall at any time be transferred from the Project Surplus Account or any other account of the Fund to any other fund of the Town, nor shall such moneys at any time be loaned to other municipal funds or invested in warrants, special improvements bonds or other obligations payable from other funds, except as provided in this Section.

The Revenue Bond shall refer expressly to this Resolution and the Act and shall state that it is subject to all provisions and limitations thereof pursuant to Section 19 of the Act.
