

## MIDDLE SCHOOL ACADEMIC HOUSE CHALLENGES & AWARDS

An Eagle Scholar must be committed to excellence at all times. It is equally important that these accomplishments be recognized and highlighted by the entire Eagle community. To celebrate scholars that surpass others in their continued pursuit of academic excellence, we will have a series of ceremonies and challenges throughout the year.

Award/ Challenge	DESCRIPTION
<b>GOLD CLUB</b>	Any scholar who receives all grades higher than an 90 will be a part of the Eagle Academy's Gold Club. These scholars will receive special recognition at that month's Award Ceremony and will be on the Academic Excellence bulletin board.
<b>SILVER CLUB</b>	Any scholar who receives all grades higher than an 80 will be a part of Eagle Academy's Silver Club. These scholars will receive special recognition at that month's Award Ceremony and will be on the Academic Excellence bulletin board.
<b>SCHOLARSHIP AWARDS</b>	Each House Leader will nominate a scholar in their house who displays one of the five pillars consistently. Once every marking period, scholars will be awarded a pillar band.
<b>TURKEY BOWL &amp; EAGLE FAMILY THANKSGIVING FEAST</b>	The day before Thanksgiving, all scholars and staff will embark on a bus to a field where the scholars will compete in Houses for the Turkey Bowl Championship. Afterwards, the Eagle Family will give thanks and enjoy a plentiful meal prepared by Culinary Arts Scholars at Eagle.
<b>CAMPUS-WIDE MS SPELLING BEE</b>	All middle school scholars will compete in a House Spelling Bee to prepare for a campus-wide Spelling Bee. There will be an all-around winner and runner up for each grade.
<b>EXTENDED DAY SCHOLAR SHOWCASE</b>	All middle school scholars and Extended Day educators will showcase the young men's talents in a series of academic, artistic and athletic events. There will be one final showcase taking place in June. All are welcome.
<b>MARCH MADNESS</b>	In March, all scholars will be scheduled to compete in a basketball competition in Houses for the March Madness Champion Title.
<b>MATH JEOPARDY</b>	In May, Mathematics educators will plan the Math Jeopardy game. House Leaders will choose three scholars from their House to compete in a Math Jeopardy game played in front of an audience.
<b>EAGLE SCHOLAR SCIENCE FAIR</b>	In June, the 6th gr scholars will host the science fair. Each scholar is responsible for creating a science fair experiment throughout the year in conjunction with their science educators. The top 50 projects will be displayed at the Annual Eagle Science Fair. The top 10 per grade will be judged by a panel of judges.
