

Spin It!

✨ Ready to shake up your spinning routine? ✨

Are you a spinner who's stuck in the same old groove? Then this class is your ticket to adventure! If you've been spinning the same comfortable fibers until boredom sets in, or if you've ever admired gorgeous, colorful batts and braids but felt too intimidated to try them, this is the class that will spark your creativity.

What we'll explore together:

Batts, braids, and punies: Learn what makes each one unique, why they can be both delightful and challenging, and how to spin them with confidence.

Breaking it down, step by step: We'll demystify the process so you can transform any fiber into something beautiful and truly your own.

No mistakes, only journeys: Every spin is a new adventure, and we'll celebrate the variety of results along the way.

Beyond the basics:

Once we're up and spinning, we'll dive into the world of fibers—from raw fleece to shimmering silk. You'll discover:

How to prep and spin different fibers for the best results

Smart tips for buying fiber at shows so you bring home treasures that will actually work for your projects

Ways to expand your toolkit and add fresh techniques to your spinning repertoire

The big takeaway:

This class isn't just about learning—it's about inspiration. You'll leave with new skills, a deeper understanding of fibers, and most importantly, the excitement to try something bold and different in your spinning journey.
