

Multiple Ways to Crochet Ribbing

In this class we will explore more than several variations of crocheting ribbing that we can use to embellish our crochet designs! All methods use the most basic crochet stitches (slip st, sc, dc, fpdc, bpdc, etc.) and can be easily crocheted onto existing crochet fabric. We will also learn how to begin a design with the ribbing as the foundation rows.

BEGINNER CLASS

Crocheters should be familiar with the basic stitches (ch, sc, dc, hdc, tr)

Instructional worksheet provided.

Please bring 4 small swatches of crochet fabric (squares using any crochet stitch approximately 6 inches by 6 inches for example), and samples of the yarn size you use the most. For experimenting purposes, please bring samples of a variety of yarn sizes plus the appropriately sized hooks.
