

Stitch Fiddle 101: Design Your Dream Crafts

Ready to revolutionize your crafting projects? Whether you're a knitter, crocheter, cross-stitcher, or weaver, this beginner-friendly course will introduce you to Stitch Fiddle, a powerful web-based tool designed to bring your creative visions to life.

Stitch Fiddle empowers you to design, visualize, and modify patterns digitally before you even pick up your needles or hooks. Learn how to create stunning graph-based patterns, import images to automatically convert them into stitch charts, and customize your stitch types, symbols, and color palettes with ease.

In this course, you'll discover how to use Stitch Fiddle's key features, including its intuitive pattern and image-to-chart converter. Explore the benefits of online editing and cloud saving, ensuring your projects are always accessible and secure. Plus, learn how to share your creations with fellow crafters or export them as PDFs for printing.

No prior experience with Stitch Fiddle is required. By the end of this course, you'll have the skills and confidence to design your own unique patterns and take your crafting to the next level.

This is not a craft class so, bring a WiFi enabled computer, mouse and your imagination. Let's get started!

A detailed booklet of instructions will be provided by the instructor for \$5 paid to the instructor the day of the class.
