

Corner to Corner Crochet (C2C) 101: Turn yarn into Art ... One Corner at a Time

Unleash your creativity with Corner to Corner Crochet (C2C)! This beginner-friendly course welcomes adult crafters eager to learn a fun and versatile crochet technique. Corner-to-corner crochet, or C2C, is a unique method that allows you to work diagonally, creating stunning pixelated designs perfect for blankets, scarves, and more.

In this course, you'll discover how C2C works, starting with the basics of creating your first block. We'll guide you through increasing and decreasing rows to achieve your desired project size and shape. Learn to create the signature textured look that makes C2C so popular, and explore its endless possibilities for color changes and picture patterns.

We'll cover the essential stitches, primarily chain stitches and double crochet (U.S. terms), and provide a step-by-step beginner's guide with clear stitch instructions and diagrams. Whether you're looking to create personalized gifts or add a unique touch to your home decor, C2C crochet offers a rewarding and customizable crafting experience. Get ready to transform your yarn stash into beautiful, block-style creations!

A detailed booklet of pattern and instructions will be provided by the instructor for \$5 paid to the teacher the day of the class.

Please bring 1 skein of worsted weight yarn. Either a single or variegated or several of your favorite colors! Crochet hook as recommended on your yarn label, and stitch markers
