

2027 / PRODUCT LINE-UP

What makes Batch different?

Batch is built with bike shops in mind - reliable bikes, smart specs, and clean designs that make selling (and servicing) easy. Our lineup covers what riders really need: quality builds, trusted components, and approachable price points. We keep things simple so you can focus on what matters most - matching riders with the right bike, without the headaches, because at Batch, we believe that buying and riding a bike should be simple, fun, and part of everyday life.

MB.1 MOUNTAIN BIKE

Sometimes, you just want to leave the pavement behind and breathe in the fresh air of the trail. With the Batch MTB, you don't need a bulky, overbuilt off-roader – just a rugged, lightweight aluminum frame, double-wall rims, and rock-smoothing front suspension. It's equipped with all the gears you need to conquer any climb and cruise back down with confidence. That's the Batch MTB: built to take you far and bring you home, reliably and comfortably.

KEY FEATURES:

- Rugged and Lightweight 6061 Aluminum Frame
- Suntour XCE Suspension Fork, 100mm Travel
- Microshift Alcolyte 1x8 Speed, 11/46T Drivetrain
- Burly 2.35" Tires And Double Wall Rims
- Powerful Mechanical Disc Brakes

MB.2 MOUNTAIN BIKE

Take our popular mountain bike, upgrade it with powerful hydraulic disc brakes and a smooth-shifting 1 x 9 drivetrain, and you're ready to leave the pavement behind. The Batch MTB features a rugged, lightweight aluminum frame, double-wall tubeless-compatible rims, and rock-leveling front suspension - everything you need to tackle tough terrain with confidence.

With enough gears to get you there and back, no matter the grade, this bike is built for adventure.

That's the Batch MTB: performance that takes you way out there, and dependability that brings you back home.

KB.16 - KID'S 16"

The Batch 16" Kid's Bike is the perfect next step for young riders who are gaining confidence on two wheels. With a lightweight and durable 6061 aluminum frame, this bike is easy to maneuver, making every ride smooth and fun. The single-speed design keeps things simple, while the rear coaster brake allows Kids to stop just by pedaling backward – no hand brakes to master just yet.
