
BATCH™
BICYCLES
2027 / eBIKE LINE-UP

What makes Batch different?

Batch is built with bike shops in mind - reliable bikes, smart specs, and clean designs that make selling (and servicing) easy. Our lineup covers what riders really need: quality builds, trusted components, and approachable price points. We keep things simple so you can focus on what matters most - matching riders with the right bike, without the headaches, because at Batch, we believe that buying and riding a bike should be simple, fun, and part of everyday life.

CLASS 3

eCB.1 ELECTRIC COMFORT BIKE

The Batch eCB.1 Electric Bike delivers everyday comfort and dependable electric assistance in a simple, practical package. Its step-through aluminum frame makes getting on and off easy, while wide 27.5-inch tires provide a comfortable, confident ride. A 500W motor, 7-speed Shimano drivetrain, and hydraulic disc brakes give riders what they need for commuting, running errands, or cruising around town.

CLASS 3

eAB.1 eADVENTURE BIKE

The Batch eAB.1 eAdventure Bike is made for long days, loaded rides, and adventures that do not end when the pavement does. Its dual-battery system provides extended capacity for longer trips, while a 750W motor and wide 27.5x3-inch tires help riders take on changing terrain. An integrated rear rack and frame bag provide plenty of cargo space, with front suspension and hydraulic disc brakes adding comfort and control along the way.

KEY FEATURES:

- Shengyi 750W Hub Motor with 90Nm of Torque
- Integrated PRIMARY 48V 15Ah / 720Wh Battery
- External Secondary 48V14Ah / 672Wh Battery
- Class 3 System - 20mph Throttle / 28mph Pedal Assist
- Tektro Hydraulic Disc Brakes
- Certified to the UL2849Standard
