BICYCLES

YOUTH 2026

What makes Batch different?

Batch is built with bike shops in mind — reliable bikes, smart specs, and clean designs that make selling (and servicing) easy. Our lineup covers what riders really need: quality builds, trusted components, and approachable price points. We keep things simple so you can focus on what matters most — matching riders with the right bike, without the headaches. With Batch, you get a brand that's straightforward, profitable, and built to move.

Why stock Batch kids bikes?

Kids bikes are the easiest “yes” in your shop — and Batch makes that even easier. Our line is purpose-built to help families get rolling with quality, confidence, and value. Each model is simple to size, easy to maintain, and a lineup designed to grow with young riders — from balance bikes to geared mountain models. With clean spec, vibrant color options, and real-bike features scaled for smaller riders, Batch kids bikes deliver a great in-store experience and a high turn rate. For dealers looking to drive everyday sales and build long-term customer relationships, kids bikes are where the journey begins.
