70th Anniversary of the Norman Duncan Award...

The first Norman Duncan Memorial Award was award to Louis C. Hamilton, Class of 1947. To commemorate the 70th Anniversary of the Norman Duncan Award, the Alumni Association invited each of the 72 honorees to attend the 2017 Alumni Banquet and have their photo taken with the original Duncan Memorial trophy. A picture of the newly designed Duncan Memorial Award Certificate can be seen on page 9.

Norman J. Duncan was born in Mayville, Michigan on January 28, 1920 to William Henry And Anna J. Irwin Duncan. Norm attended Mayville High School and graduated with the Class of 1937. He married Marjorie May Widrig on March 6, 1943. They had one son, Norman John Duncan Jr.

After graduating from Mayville High School, Norm attended Michigan State. Duncan went on to captain the baseball team at Michigan State College (later Michigan State University). He led the Spartans in hitting in 1939, with a .341 batting average, and raised that figure to a team best .398 in 1940. In 1941, he hit .301 and attracted a lot of interest from major league clubs.

On June 26, 1941, Duncan and fellow Michigan State player, Casimir "Casey" Klewicki signed with the Browns and joined the St. Joseph Autos of the Class C Michigan State League. In their debut against Muskegon the following night, Duncan had a single and two walks in the lead-off spot, while Klewicki, playing third base and batting second, had four singles in six trips to the plate. Both players enjoyed strong rookie seasons. Duncan batted .277 in 66 games with 35 RBIs and four home runs, while Klewicki batted .261 in 63 games with 34 RBIs and six home runs.

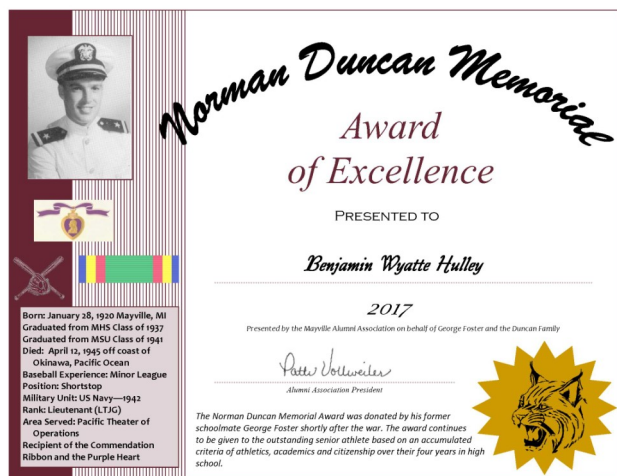

Duncan returned to Michigan State in the fall of 1941, for post graduate work and also served as assistant baseball coach. He was sold to the Cincinnati Reds' organization for the 1942 season but military service called and he attended the Navy's Officer Training School in Chicago, from which he graduated as an ensign. Promoted to lieutenant junior grade, Duncan served on board the escort destroyer USS Whitehurst (DE-634) as an Anti-Submarine Warfare (ASW) Officer, interpreting data and determining changes of course and speed, as the ship hunted for enemy submarines.

Honoring Our Educators...

Angela Harmon Kuhl-

"He encouraged me to think outside of the box, and to set goals beyond imagination. I thought of him often when I was working full time, and going to law school at night as a single parent. He was strict, but caring. His lessons were beyond the classroom and were truly life lessons. One time in class, I ended a sentence with a preposition. He wouldn't let it go until I corrected myself. Since that time, I haven't made that mistake. Thank you Mr. Hamilton."

Mary Jean Findlay -

"... [I] wanted to thank Mr. Hamilton. He would not let us pass without a stern lesson in finance, money counting and economics. Thank you Mr. Hamilton. You made a difference."

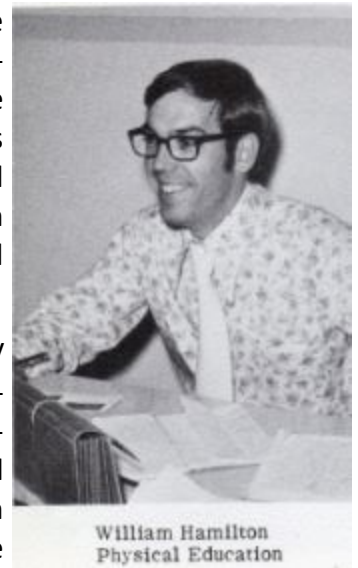

Rayola Barkowska -

"... Mr. Hamilton gave every one of us skills that we have used throughout our life. I remember having to do taxes. I thought it was so stupid... we would never need to know how to do that...Wrong!! Thank you"

William Hamilton—Ask any Mayville High School Alumni from 1968 - 2000 which teacher made a lasting impact on them, and chances are the name "Mr. Hamilton" will come up time and again. William "Bill" Hamilton, began his teaching career with the Mayville Schools in 1968, teaching Physical Education and Study Hall.

From 1968 until his retirement in 2000, Bill Hamilton left many impressions on a great number of students. He taught Physical Education from 1968 to 1973. From 1973 to 1979 he taught History and then he began teaching Government with some History and Geography, however his favorite subject was a practical Consumer Education course he put together for graduating seniors. In this class he taught his students "life skills" that he hoped would help them succeed in life beyond High School, and indeed, many of his students still recall those lessons. (See sidebar)

Bill coached various sports as well as teaching - JV Football, Varsity Basketball and 9th grade Basketball. He also officiated at some of the girls Volleyball games, as well as boys Basketball and Football games and in April of 1987, he coached the High School Academics Team to a first place win in the Social Studies Division at SVSU.

9 70th Anniversary of the Norman Duncan Award...

The Whitehurst put to sea in November 1943, and performed a variety of escort duties in the Pacific. At the beginning of April 1945, she was involved in vital screening duties off the southwest coast of Okinawa during the invasion of the island. At 2:30 P.M., on April 12, 1945, four Japanese Aichi D3A "Val" dive-bombers approached the Whitehurst from

the south. One plane detached itself from the group and headed for the destroyer. It circled and then commenced a steep dive in a kamikaze attack, somehow getting through the anti-aircraft fire and crashing into the ship's forward superstructure, penetrating the bulkheads and starting fires that enveloped the entire bridge.

Duncan's battle station was the SONAR Shack, which was a very small compartment on the face of the ship's superstructure just forward of the bridge. The plane—packed with explosives—passed through the Combat Information Center and the Pilot House, which was directly below the SONAR Shack. It is not known whether Duncan was killed at this time or jumped overboard to escape the inferno, but his body

was never recovered. Of the crew of 189 men, 42 were dead or missing and over 40 were seriously burned or injured. The Whitehurst eventually limped back to Hawaii for repairs. Whitehurst returned to duty after being repaired and converted into a floating power station.

Norman Duncan is memorialized at the Manila American Cemetery at Fort Bonifacio in the Philippines. He was awarded the Commendation Ribbon for his service as ASW Officer that led to the successful attack upon a Japanese submarine, and he was also awarded the Purple Heart posthumously.

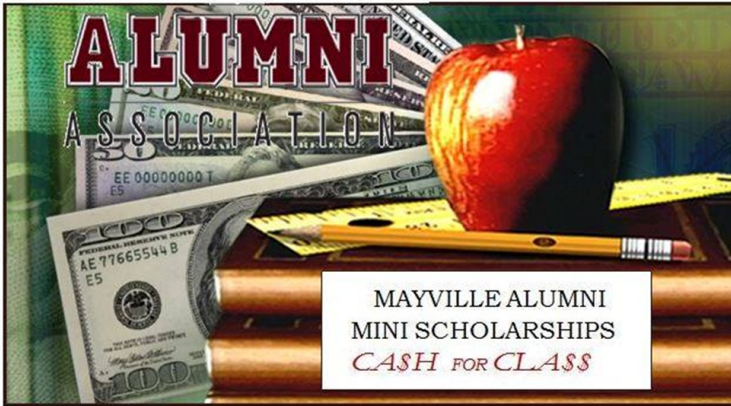

Norm Duncan (front row, fourth from left) with the Michigan State baseball team in 1941

*The Norman Duncan Memorial Award was donated by his former schoolmate **George Foster** shortly after the war. The award continues to be given to the outstanding senior athlete based on an accumulated criteria of athletics, academics and citizenship over the four years in high school.*

Continued on page 13...

10 *Ca\$h for Cla\$\$ - Alumni "Mini" Scholarships*

In an effort to help more Mayville School students, the Alumni Association proposed an idea to give out "mini scholarships" to teachers from grades K-12. The idea of these "mini scholarships" was presented at the annual Alumni Banquet, held on June 10, 2017. The Alumni members present supported the idea and so **CASH FOR CLASS** scholarships were born.

Parents often struggle and complain about the list of school supplies they are required to furnish, but in

most cases the teachers are spending more of their own money for classroom items. It has been estimated that on average, most teachers spend nearly \$500 of their own funds to insure that their students have the best tools for learning.

These funds from the Alumni Association are given directly to the teachers to help support the well-being and educational success that benefits students through creative learning programs and experiences. The initial idea was to award six (6) \$250 scholarships - 2 to Elementary, 2 to Middle School and 2 to High School classes. In early September, the Alumni Association emailed applications to each Mayville teacher and received 10 applications for funds back by the deadline.

"Thank you again for your generosity! With the extra money from the grant for the music program, I was able to purchase additional resources to use for the music programs for 2017, 2018 and 2019! This grant will benefit all K-5 students for the next three years (approximately 240-300 students will take part in the Christmas program each year). The listening center will be used by my current students this year (18 students) as well as the students I have in my classroom in future years. I have approximately \$37 remaining from the listening center grant that I will be using to purchase additional books and CDs for use with the listening center."

*Sincerely,
Cheryl Rayl -2nd Grade Teacher*

After reading through each application, the Alumni Board agreed to award all 10 requests. Each request was as important as the next, and choosing would have been impossible. It is evident to the Alumni Board that there are many great teachers at Mayville Schools

that are always searching for new ways and methods of instruction to improve student learning, and the extra funds will enable them to do just that.

Checks were given out on October 4, 2017 by Alumni Board President Patti Vollweiler - '81. Each teacher that Patti spoke with was very appreciative of the funds that would enable them to add much needed items to their teaching supplies.

In the past the Alumni Association has awarded scholarships to graduating seniors. In 2017, three \$1000 scholarships were awarded. The decision to scale back to only one Senior Scholarship was presented at the Alumni Banquet in 2017. In recent years the numbers of seniors applying for funds has dropped off sharply. ...Cont. Pg. 11

"Thank you again for the help to get this years Jr. Scholastic. It can not only be used by my history class, but also my ELA classes. This allows over 100 students exposure to the news of the day at their level."

~Victoria Penland~

Ca\$h for Cla\$\$ continued...

More alarming is the fact that the Seniors being awarded the funds, fail to submit their college information in the fall to receive payment of the funds. This lack of interest has been noted by the High School counselor, as well as the Superintendent. ***A list of the Scholarships available to MHS seniors can be found on page 18 of this publication.*** Thousands of dollars are available, yet seniors are neglecting to apply, for whatever reason. It was for this reason that the Alumni Association began searching for other ways to help Mayville students.

In order to continue investing in our students, the Alumni is asking that if you would like to help fund this program, any donation would be appreciated. The Mayville Alumni Association is a 501(c)(3) organization, so your donation is tax-deductable. You can send your donations to: **Mayville Alumni Association, PO Box 244, Mayville, Michigan 48744.** Please mark your check - CASH FOR CLASS. If you would like to honor someone with your donation, please include their name and graduating year if applicable.

The following teachers and their students have benefited from **CASH FOR CLASS** funds for the 2017-18 school year. It is the hope of the Alumni Board, that each year we can award more requests to continue to help teachers and students.

Jill Pape works with the Title I Reading Program in grades 1 & 2. Her request was for reading "rewards"-pencils, erasers, bookmarks and small prizes as well as Scholastic books for her students. Title 1 is a program designed to provide extra help and instruction for struggling readers. This program has helped hundreds of students improve their reading and writing skills.

Kristine Tedrow teaches 3rd grade. Her request was for funds to purchase a Math Centers Bundle and Math Wall, along with a subscription to Education Galaxy. The Math Centers bundle is an innovative way to teach students numbers, addition, charts and line plots, time, multiplication and divisions and fractions. Education Galaxy is an on-line teaching tool that provides engaging solutions for young and developing students.

Cheryl Rayl is a 2nd grade teacher. Her request was for funds to purchase a Listening Center for her classroom. The listening center will enable Ms Rayl to provide reading instruction to reading groups, and at the same time other groups can listen to a story read aloud at the Listening Center. Ms Rayl also requested funds to purchase the music, script and copyright permission for materials for a Holiday Concert. Due to budget cuts, there is no longer a music program in the Elementary School, and Ms Rayl has volunteered again this year to organize the Christmas Program for grades K - 5.

"Thank you so much for the grant money. I made sure that my students know what the Mayville Alumni is and how much you are helping us in our new class. I am really grateful."

High School Science classes reach about 65 High School Students (more if you count other classes I will loan the scales to throughout the school year) STEM Middle School classes reach about 93 Middle School Students (again more if you count other classes I will loan supplies to-including the Robotics after school program)."

~Jennifer Parker

Ca\$h for Cla\$\$ continued...

Alyson Dupure teaches 4th grade. She requested funds to replenish necessary classroom supplies and to purchase alternative seating options for her students, such as stability balls and yoga mats. Alternative seating allows students to work where they feel most comfortable. Alternative seating has shown to "use excess energy, improve metabolism, increase motivation and engagement, creating a better oxygen flow to the brain." All of this can lead to more on-task behavior, higher academic performance and better health. Funds will also be used to add to her current class library of a few dozen books, as well as purchasing materials from STEM- *Science, Technology, Engineering and Math*- that will be used by all the fourth graders in science class, which she teaches.

Victoria Penland '76 -teaches 6th and 7th grade Language Arts and 8th grade American History. Her request for funds was to enable her to buy a years subscription to Junior Scholastic Magazine to use with her classes. Junior Scholastic features national and international news stories, history, economics and civics articles, maps and map activities, along with informational texts and skill sheets.

Mark Cooper is the Special Education teacher in the Middle School and also the Athletic Director. His request was for funds to purchase calculators to use in his classroom. Special Education is designed instruction, to meet the unique needs of children with a disability - which encompass a wide range of impairments from Autism, to visual impairment, to emotional disturbances to learning disabilities, and many in between.

Right now they [calculators] will help all my special education students in the middle school grades 6th thru 8th grades - the students that have fundamental math and those that have regular education math and come to special education class for academic support - so 20 students so it's not the number of students but the real need of my students - again it was a real big gap filled on behalf of my students - Thank you!

Mark Cooper

Jennifer Parker teaches 6th & 7th Grade STEM class- *Science, Technology, Engineering and Math*- which is a new class this year. Her request for funds was for the purchase of various materials for projects that give the students hands-on with robotics, computer projects and other building projects, as well as a teacher guide that has ideas for a variety of activities using easy-to-find materials. **Ms Parker** also teaches Chemistry & Physics - Grades 11 & 12. Her request for funds was for digital scales for her students for more hands-on activities, as well as for purchasing teacher resources--guides to labs--designed and used by teachers- tested and proven to be a valuable teaching tool.

Janet Wiley teaches in the High School, grades 9-12. She requested funds to purchase headphones for her students to use with their Chromebooks. These will be assigned to individual students and kept in her classroom. This will enable each student to have a set of their own to use throughout the school year.

All together, the Alumni Association, with donations from Alumni, was able to award \$2500 to teachers in the Elementary, Middle School and High School. These funds will enable Mayville School teachers to do their job better. With help and donations from the Alumni members, this is a program the Alumni Association hopes to continue. Your donations in any amount are appreciated!

***Photos of students using the materials purchased through Ca\$h for Cla\$\$ are on page 14**

Currently, I am teaching all third grade mathematics instruction, so I service all 45 third graders. I do appreciate your scholarship, and it has helped me quite a bit this year!! Thanks so much! -Kristine Tedrow

Who was George Foster—The man who donated the Norman Duncan Award?

Much has been written about Norman Duncan, but very little has been said about George Foster the man who gifted the Duncan Memorial Award to Mayville High School in honor and in memory of his best friend and classmate Norm Duncan. So, who was George Foster?

George F. Foster Jr. was born May 6, 1920, the only son of George Foster Sr. and his wife Dora Fink Foster. George Sr. was a farmer and later the Justice of the Peace in Mayville and his wife Dora was a teacher in the Fostoria Schools.

George Jr. was raised on his parents farm on West Millington Road, between Edwards and Center Road. The Foster Farm as it was known, was home to one of the largest and best milk producing herds of Holsteins in Tuscola County.

The buildings as well as the equipment and facilities were state-of-the-art, and the well kept farm was a model of modern dairy, and described as one of the most attractive farms in the region.

The farm's milk production was so great that George Sr. owned his own milk truck and hauled his own milk, as well as that of several of his

neighbors, to milk stations in Lapeer and Imlay City.

George Foster Jr. attended Mayville High school graduating in 1937, along with Norman Duncan. He and Norm were best friends, classmates and war buddies. From High School, to college, to the Naval Academy and into World War II.

George returned to Mayville following the War, but sadly, his best friend Norman Duncan did not. So it was at the 61st Annual Alumni Dinner, held June 12, 1947, with two hundred and eight guests attending, George Foster Jr. presented the Norman John Duncan Memorial Trophy to the Mayville School. It was accepted by superintendent Francis Ode. The first award was made that night to Louis Hamilton as the outstanding athlete for 1947, by coach William Lami-man, and so the tradition began.

On December 26, 1953 George Jr. married Lorriane Wills, and became a stepfather to Alice Mary, better known as Marie—Class of '64, Lorraine's daughter from her first marriage. George and Lorraine also had a daughter born in December of 1955—Felicia, who graduated with the class of '75.

When George Foster Sr. became the Justice of the Peace and moved to the village of Mayville, George Jr. took over running the farm on Millington Road. In addition to cows, the farm also raised award winning Arabian horses.

Throughout the years, George Jr. attended many Alumni Banquets presenting the Norm Duncan Award in honor of his best friend and classmate. George Jr. passed away in 1974, but the presentation of the Duncan Award continues, in honor and in memory of two best friends.

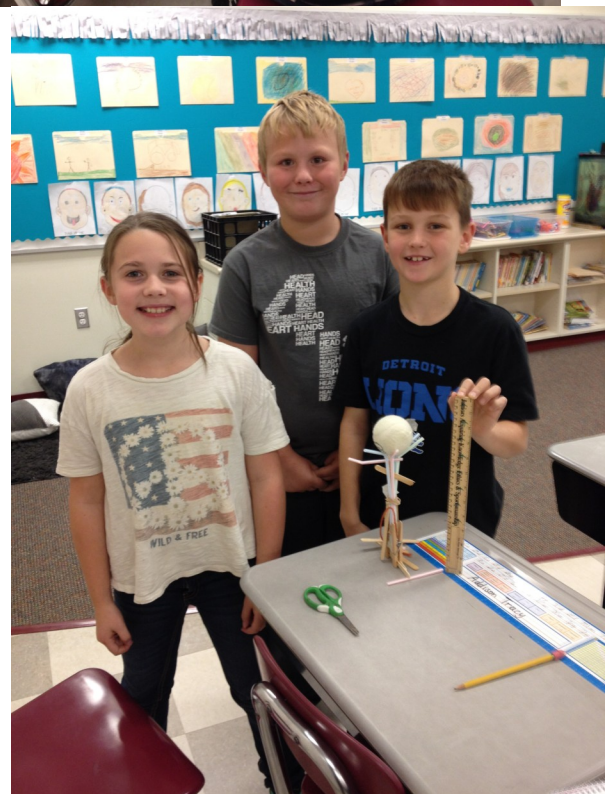

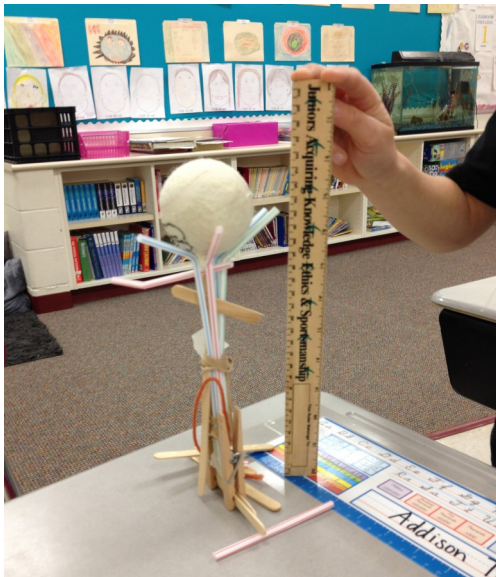

At the 2017 Alumni Banquet, the 70th anniversary of the award was celebrated and Louis Hamilton, the very first recipient was present, along with several other of the 72 students that have received the award throughout the years. Photo on page 3.

Special thanks to Felicia (Foster) Condon -'75 for providing the photo of her father along with information and to Gary Haas -'66 and the Mayville Monitor Archives for contributing to this article.

Ca\$h for Cla\$\$ continued...

The students pictured here are from the 4th grade class of teacher Alyson Dupure. Their STEM activity assignment was to make a tower that would support a tennis ball at least 10 cm (3.937 inches) off the ground using ALL the supplies given to them. There were three successful students.

Ca\$h For Cla\$\$

William Hamilton was born April 1, 1945 to Floyd and Elizabeth Hamilton. He attended Laker High School, also known as Elkton-Pigeon-Bay Port School, graduating in 1963. In High School he was active in sports, playing Football, Basketball and Golf. Bill was also Vice-President of his class and served on the Student Council. He continued his education by attending Ferris State University as well as Central Michigan University, graduating in 1968 with a BS Major in Social Studies and a Minor in Physical Education.

Some of Bill's best memories of his years at Mayville are winning the Academics Games in Social Studies at SVSU, chaperoning after-game dances with his wife Tricia, taking students on field trips to the State Capital, skiing and shopping, and being advisor to the Student Council and Senior Class for many years.

1975 Wildcat Yearbook

1974 Wildcat Yearbook

Tricia Hamilton
Special Services

Patricia "Tricia" Lynch Hamilton—was born September 5, 1945 to John & Helen Lynch and attended Mayville Schools. She graduated with the Class of 1963. Tricia was active in High School in Student Council and FHA. She was also a cheerleader, and a majorette and played in the school band.

Tricia attended Michigan State University and Eastern Michigan University, graduating in 1969 with a BS Major in Special Education K-12, and a Minor in Art Group. Tricia Lynch began teaching in the Mayville Junior High in January of 1969, just before the new High School was completed and grades 9-12 were moved from what is now the Middle School building.

In 1971-72 Tricia taught High School Special Education. She would go on to teach half days with her mother Helen Lynch in Elementary Special Education and then five years of Kindergarten, after which she taught third grade until her retirement in June of 2000.

It was after one of the Varsity Basketball games, in the winter of 1969, when the staff would get together at each other's homes, that Tricia and Bill met. They went on their first date in March of 1969. Once the High School was finished, Bill moved with his classes into the new building, so before there were cell phones and texting, Bill and Tricia would pass messages back and forth during the school day by way of Bob Marlow, who was on the janitorial staff.

1972 Wildcat Yearbook

One year later after Basketball season had ended, on March 28, 1970, Bill and Patricia were married at the

Continued on page 16...

Honoring Educators continued...

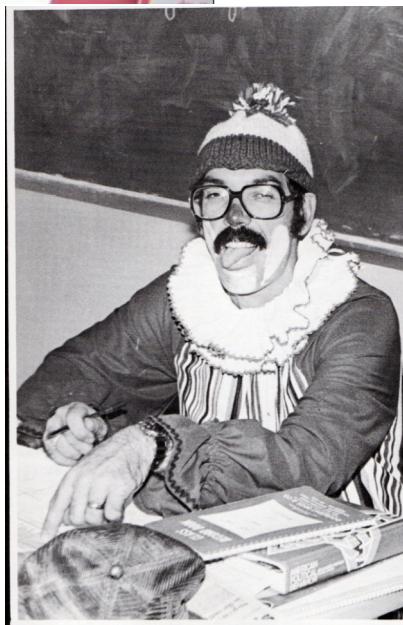

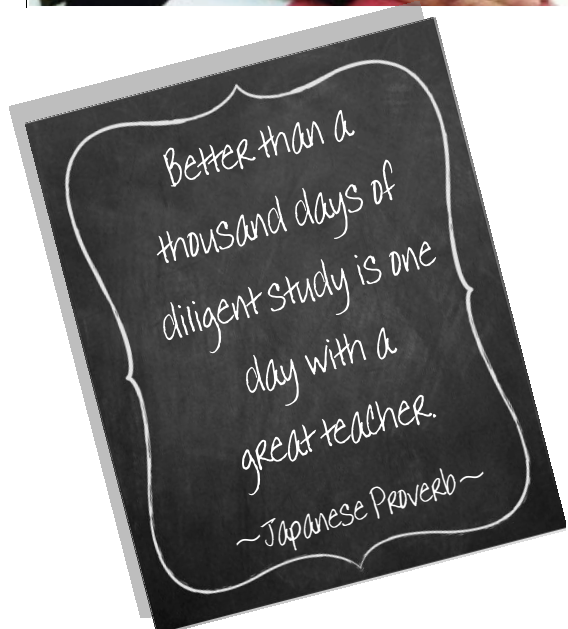

United Methodist Church in Mayville. Tricia's sisters, Pamela (Mrs. Lawrence Geiger) and Judy (Mrs. Dick Lyon) served as her bridesmaids, with her brother Robert serving as an usher. Bill's brother, Richard was the best man. Bill and Tricia have two sons, Jason—'91 and Justin—'92, and three grandchildren—Patrick, Dillon and Alex. In March of 2018, they celebrated 48 wonderful years together.

Bill and Tricia both retired from teaching in June of 2000, and are spending their retirement years traveling, gardening, riding bikes, playing golf, dancing and watching their grandsons play sports. They have a home in Pigeon River County and spend their winters enjoying life on South Padre Island, Texas.

Tricia recalls how much she enjoyed teaching Elementary Education, with her mother Helen Lynch, as well as her time spent with the Kindergarten and third grade classes. During her time as a teacher at Mayville she also served as the Treasurer of the Tuscola Area Reading Council and was active in the Young Authors yearly. She also appreciated her involvement in the Accelerated Reading Program and the Book Buddies Program with Bill's High School class. Contributing books to the Helen Lynch Media Center at the Mayville Elementary

have been a big project for both Tricia and Bill, and they have donated funds for hundreds of books over the years.

Both agree that their years of teaching at Mayville are full of good memories as well as good friends and lots of fun. They enjoyed working with a wonderful group of teachers and support staff, and it is evident that along the way they both left lasting impressions on the students they taught. As one former student put it, "They were great educators that really did care."

*From the Alumni
Association President*

ALUMNI

ASSOCIATION

P.O. Box 244 ~ MAYVILLE, MICHIGAN 48744

Mayville.Alumni@Yahoo.com

"I cannot give you the formula for success, but I can give you the formula for failure---

It is: Try to please everybody."---Herbert Bayard Swope

The Mayville Alumni Association celebrates 131 years in 2018. We still hold the distinction of being the oldest, active Alumni Association in Michigan! However, we are an association that I feel is in need of change in order to survive and to continue to be a valuable organization. I know change is not something that everyone likes, or even wants to accept. In order to succeed we have to keep an open mind and remember what our mission is--- to continue the same values others set before us, to honor the many students, faculty and personal of the Mayville School system, and most important- to reach out and help the students of the future-to help minds grow.

In the fall of 2017 we awarded our first Cash 4 Class Scholarships for the undergraduate classes at Mayville Community Schools. This change was approved by the Alumni attending the 2017 Banquet. I was impressed with the participation we received and the outpouring of appreciation we received from those teachers that were awarded funds. We are able to reach so many students by utilizing this program. To me that is what is important, and we can see the impact these "scholarships" have firsthand. The day I presented the teachers with their checks is one I will remember for a long time. These teachers care about their students and are reaching out to do all they can to help make learning fun and to provide some of the basic resources they need to help teach their students.

Along with adding the Cash for Class scholarships, another change that we have made is to go back to offering only one, \$1000 scholarship to a graduating senior. I ask you to please continue to support the Alumni Scholarship Fund, as well as the Cash for Class Scholarships—any amount you can donate, goes a long way in helping our youth of today, who will be our leaders and our alumni of tomorrow.

There is one more change we need to discuss - after more than 20+ years of catering the Alumni Banquet, 2018 will be the last year Touch of Class Catering will serve our banquet. Dean and Phyllis (Fritz) Wingert - '64, have made the decision it is time to retire and enjoy life. I want to thank them for always fitting us into their schedule and providing us with a good meal at a great price.

The Alumni Board will begin looking at options and see what is available for food service at the annual banquet. We do know that if we continue on with catering the meals, there is certain to be a price increase and this is something we don't feel is in the best interest of the Alumni. We would appreciate hearing from you and what your thoughts are on this. Your input is important to us and if the tradition of the Banquet is to continue, we need to hear from you.

Alumni Association President

Patti Vellweiser—Class of 1981

*Please feel free to contact us--
we would love to hear from you!*

Scholarships Available to Graduating MHS Seniors

Below is a list of scholarships that are available in 2018 to any graduating senior at Mayville High School.

It is a joy when a student receives that acceptance letter from the college of their choice, but that can also bring with it the reality of the price of tuition, and leave parents wondering how they will pay for the high cost of a college education. Scholarships can help!

TITLE	VALUE	#
Mason's Scholarship	\$500	5 or MoreMayville
Mayville Share Shop	\$1,000	1
Collier Foundation	\$2,000	2
Kiwanis	\$500	1 Mayville

Edward J. and Alice Maier	Min. \$4,000	20 Mayville
Sugden	\$13,000	4 Mayville
Tuscola Co. MARSP	\$500	1
Tom Wargo	\$2,000	2 Mayville
Eagles #4099	Unspecified	1 Mayville
Tuscola Conservation District	\$500	2

Sadly, many students are not applying for this "free" money and that is evident with what the Alumni Board saw in the spring of 2017, when only six (6) students applied for one of the three (3) \$1000 Alumni scholarships that were offered.

Every effort is made to help students apply for these funds: class time and credit is even given for filling out these applications, students are reminded all year long and yet many students choose not to do so for whatever reason. The lack of interest on the student's part is often blamed on the teacher and the guidance counselors, when that is simply not the case.

Parents need to take a more active roll in making sure that their senior applies for college scholarships. It is not the responsibility of the school, of the teachers, of the Guidance Counselor or of the parents to fill out the forms— ***it is the student's responsibility.***

If you know a Mayville high school student that is looking at attending college, please encourage them to apply for every available scholarship offered. Every little bit helps.

Even the brightest students and those with the highest GPA and the best sports players may not be offered that "All Tuition Paid" scholarship to their dream college. Students applying for college, along with their parents, need to have a backup plan for paying for college tuition. Whether it is grants or student loans, private scholarships, work study jobs, bank loans or opting to attend a local community college.

Scholarships offered to Mayville students alone total over \$160,000. Add to that the many scholarships available outside of the ones listed to the left- Michigan Sugar, Team One, Michigan Education, Covenant Hospital, Dr. Bruce Dunn, Michigan Retailers, Credit Union One, United Producers Inc., Thumb Cellular and Bay Area Community Foundation, and together they equal a combined total of over \$200,000 in college funds.

The Alumni Association held their election of officers and the following alumni (listed on the right) were elected for the 2017 – 2018 year.

Once again the Alumni Association finds itself in need of more Alumni to join the Board and attend the meetings. If you are interested, please contact any board member.

The Alumni Board met following the 2017 Banquet to review the Banquet, to discuss the finances, approve bills and to complete all old business involving the 2017 Banquet. There were 207 total people, with 161 Alumni in attendance, 5 faculty members and 41 guests.

The classes of 1968 and 1993 will be recognized, with an emphasis put on the 50-year Grads as the 25-year Grads attendance has dropped off sharply. (Twenty-four grads from the class of 1967 attending and only four attending of the 25-year grads from the class of 1992). The Board thanks Gale Langford—'65 for taking photographs of the Banquet and the program. Gale's photos appear in this issue of the Historian.

The cost of the Banquet was discussed and it was determined that the price for 2018 would not need to be increased. *The Board was informed by Dean -'64 & Phyllis Fritz Wingert- '64, owners of "Touch of Class" who have catered the Annual Alumni Banquet dinner for more than 20 years, that they are retiring and the 2018 Banquet will be their last.*

Arrangements for the 2018 Banquet to be held on June 16, continued by email correspondence with the board members into January. The change in date was due to the availability of the school. The 2018 Banquet will be held one week later than normal. The board agreed on honoring both Tricia and Bill Hamilton.

Reservation forms were mailed in late March/early April and emails sent to those on the email list. In an effort to cut down on the cost of printing and mailing costs, anyone who is a member on the Alumni FaceBook pages will not receive a postal mailing, this includes the 25 year grads. The Banquet Reservation form was posted on the Mayville Community Schools website as well as on the Facebook page in several different postings.

The Alumni voted at the 2017 Banquet to award one \$1,000 scholarship to a graduating senior in 2018. They also voted to begin a new program called **Cash for Class**. Information can be found on page 10. The response was very good and the Alumni Board handed out \$2500 in funds to teachers in the Elementary, Middle and High School.

Thank You Notes & Announcements...

To the members of the Class of 1953—

My appreciation and thanks for the memorial gift to the MHS Alumni Association Scholarship Fund in memory of my wife Helen M. Vogt Higby, Valedictorian of the Class of 1953.

~Thomas F. Higby~

Thank You

thank
you!

Thank You to Alan Gabalis '88 and his team at Heritage Press for printing this 2018 edition of the *Historian* as well as for printing and mailing out the Banquet Reservation Forms.

Keeping the Alumni Mailing List updated is a daunting task. Postal addresses and email addresses seem to change on a daily basis. In 2012 the Alumni Association began asking for you to “subscribe” to the annual HISTORIAN paper to help defray the cost of printing and mailing. *You can help us by making sure that the Alumni Association has your current address—whether it be a postal address or an email address—in our files.* **GALS—It is equally important that you let us know what your maiden name was or your name when you graduated.** Don't forget to include your year of graduation. There are currently only two times a year that the Alumni Association sends out correspondence—once in March—when the Invitation/Reservation/Subscription form goes out announcing the Annual Alumni Banquet in June, and the second mailing occurs when the HISTORIAN is sent to those who subscribed. **If you attend the Annual Alumni Banquet you automatically receive a printed copy of the HISTORIAN.** See the form on the back of this issue for more information.
