

Frequently asked questions.

AS MANY AS YOU CAN, FILL THE PAGE UP WITH SIGNATURES.

DATE BESIDE EACH SIGNATURE.

2. What union will be on the ballot in 2025? Teamsters

3. What's the difference between this petition and the vote next year?

Someone can't simply call the department of labor relations and call for a vote.

We need a "show of interest" which will be signatures from at least 30% of union members roughly 39,000! We have a time crunch though because once they get enough signatures they will call for a vote early next year. You have until December 28th to mail your signed petition.

Any and all rural carriers can sign even non dues paying members can sign..

RCA's and PTF's can also sign.

Who are you and what do you have to gain?

Jonathan Chandler, rural carrier in Lexington, N.C. And still a current NRLCA dues paying member of 16 years. I served as local steward for a year and resigned as steward when I noticed we got minimal support from our area and district reps. They constantly tried talking us out of going through with grievances but we did anyway and won 99% of them.

Maybe NRLCA will do a 180 by next year and we will all be happy rural carriers BUT if they do nothing guess what..... We're stuck with a failed union for another failed contract! Help make the movement happen. We are at rock bottom and nowhere to go but up!
