

Glendale Condominiums

No Smoking Policy

October 22, 2014

Smoking is permitted in the outside Common Areas only. Smoking anywhere inside the buildings will be subject to a \$100 fine without any initial warning. Any Owner [or guests or renters] electing to smoke on such Owner's balcony, inside of the unit, in any hallway or inside common area will be fined immediately. Smoking is allowed in the front or the rear of the building in parking areas. However, you must ensure that all cigarette butts, ashes or other refuse resulting from smoking are cleaned up immediately. Failure to remove this refuse will also result in a \$100 fine.
