

CAPABILITIES STATEMENT

Most organizations don't fail at strategy. They fail at execution.

EXECUTIVE SUMMARY

Most consultants advise from the sidelines. We've held the seat, run the campaign, raised the capital, led the turnaround, and facilitated the room.

More Than Funds™ was founded by Robyn Carnes — former **Centennial City Councilmember (2022–2025)**, **2024 Colorado State Senate candidate**, and a 25-year senior leader across business, nonprofit, and public sectors.

Whether you're a municipality navigating a regulatory fight, an enterprise team facing a critical planning cycle, or a mission-driven organization in leadership transition — we develop **strategy, a plan, communications, and accountability** so the work actually gets done.

WE CAN HELP

◆ Government Affairs & Public Sector Strategy

Legislative and regulatory counsel, coalition building, public engagement, and stakeholder strategy for municipalities, associations, and mission-driven organizations. Colorado focus, with deep fluency in municipal, water, land use, and real estate-adjacent policy.

◆ Executive Facilitation & Strategic Planning

Board retreats, strategic planning sessions, focus groups, and cross-functional working sessions for enterprise teams and organizational leaders.

◆ Fractional & Interim Executive Leadership

Fractional Chief of Staff, Interim Executive Director, and strategic operator engagements for founders, CEOs, and EDs navigating growth, transition, or complex initiatives.
