EXPERTISE

Robyn Carnes
FOUNDER
Facilitator & trainer

EXECUTIVE SUMMARY

Most meetings end with good conversation and no decision. We facilitate the sessions where organizations make their biggest calls, and train your people to run them.

More Than Funds™ was founded by Robyn Carnes — former **Centennial City Councilmember (2022–2025)**, **longtime facilitator for enterprise clients**, and a 25-year senior leader across business, nonprofit, and public sectors. On a nonpartisan council, she learned the best decisions come from a fair process.

Whether you're a board planning for a tighter year, a team with a stalled plan, or a coalition of people who don't always agree, we help you get everyone heard and leave with **decisions, owners, and next steps.**

WE CAN HELP

- **Facilitation & Strategic Planning**
  Strategic planning sessions, half-day strategy tune-ups, board retreats, focus groups, and team working sessions, each built around the decisions you need to make.
- **Facilitator Training**
  Workshops that teach leaders, staff, and boards to design and run productive meetings, planning sessions, and retreats. In person, online, or hybrid.
- **Common Ground & Public-Sector Strategy**
  Facilitated sessions for coalitions, public-private partnerships, and stakeholders with competing interests or differing views, backed by Colorado government experience.
